WILD WEST DEEDS IN GREAT GOTHAM

Four Desperadoes Hold Up Crowded Street Car and Rob Passengers.

PISTOLS ENFORCED THEIR DEMANDS

Conductor's Pockets Rifled and Men and Women Relieved of Loot.

New York, Dec. 1.—Four desperadoes, armed with revolvers, held up a crowded street car in lower Third avenue today, throttled and robbed the conductor, terrorized the passengers and escaped with a goodly collection of purses and other valuables. A large number of men and women who had just left a dance hall, crowded on the car. Every seat was taken and the aisle was filled. Just before the car reached Houston street and while the conductor was inside collecting fares, four men who had been scattered through the crowd started toward the rear door. When they had completely blocked the exit the men drew revolvers and covered the passengers. Two of them attacked the conductor, one pressing a revolver against his head while the other pushed him through a window and rifled his pockets. In the meantime the other two had robbed the passengers of valuables of all descriptions. Their pockets were stuffed with women's purses, watches and small wads of bills when the screams of the women so frightened them that they bolted from the car, dashed down a side street and disappeared.

CHIEF OF POLICE IN SAN FRANCISCO DROWNED

Fell from Police Patrol Boat While Crossing Bay at Night.

San Francisco, Dec. 1.—William J. Biggy, chief of police of this city, was drowned last night and his body has not been recovered.

Chief Biggy was returning to the city in the police launch "Patrol" and when the boat arrived it was discovered that he was missing although Engineer William Murphy, the only other occupant of the boat, did not see him fall overboard.

According to Murphy's story Biggy entered the launch on this side of the bay about 8 o'clock in the evening and made the trip to Belvidere, where he went to the home of Police Commissioner Kiel, a resident of the suburb, and spent some time in conference with the commissioner.

It was nearly 11 o'clock when he returned to the launch and the return trip was started. The chief came to Murphy in the engine room and complained of feeling ill from the motion of the boat, which was very noticeable. The engineer advised him to go to the cabin at the stern where it was cooler and Biggy presumably followed this advice. A little later Murphy looked toward the stern of the boat and saw the chief leaning over the side vomiting. The engineer did not again look in that direction until they were close to the city as his attention was occupied with the handling of the boat. He then went to the stern to inform Biggy of the reason of a slight delay occasioned by the passage of a ferryboat and discovered that the chief had disappeared.

Murphy hurried to his berth near the harbor station and reported that the chief had fallen overboard and was lost. A party at once set out to search the bay and this was kept up all night without result.

DENY POPE HAS PNEUMONIA.

Alarming Rumors in Rome Are Said to Be Baseless.

Rome, Dec. 1.—The reports in circulation in this city to the effect that the pope is suffering from pneumonia and bronchitis are without foundation. The condition of the pontiff, who is suffering from a cold, is today a little better, but he is still obliged to keep to his bed, his physicians insisting that he remain quiet.

MINERS WANT A MEETING.

Charleston, W. Va., Dec. 1.—The Kanawha Operators association, whose request for being put upon a competitive basis with the non-union mines in this district, was denied by the United Mine Workers here last week, have requested President Davis, of the mine workers, to call a joint meeting of miners and operators of the district to consider the matter at issue.

POSTMASTERS IN CLASSIFIED LIST

President Proclaims Order for Fourth Class in Many States.

NEW ONE TO TAKE AN EXAMINATION

More Than 1,000 Offices in State of Indiana Are Affected by Order.

Washington, Dec. 1.—All fourth class postmasters east of the Mississippi river and north of the Ohio river were today placed in the classified service by an executive order of the president. Hereafter all appointees to fourth class postmasterships in these states must undergo civil service examinations. The postmasters now holding office will not need to take the examinations. This applies to Maine, New Hampshire, Vermont, Massachusetts, Rhode Island, Connecticut, New York, New Jersey, Pennsylvania, Ohio, Indiana, Illinois, Wisconsin and Michigan.

The order, though promulgated today, was signed yesterday. More than fifteen thousand fourth class postmasters are affected by the order, distributed by states as follows:

Maine, 893; New Hampshire, 414; Vermont, 395; Massachusetts, 550; Rhode Island, 100; Connecticut, 287; New York, 2,301; New Jersey, 636; Pennsylvania, 3,388; Ohio, 1,693; Indiana, 1,084; Illinois, 1,505; Wisconsin, 1,008 and Michigan, 1,234.

Another executive order of the president signed at the same time, authorizes the postoffice department to fill vacancies in fourth class postmasterships with civil service examination until the civil service commission shall certify to the department that it is able to hold examinations and make certification to such positions. This was necessary because time is required before any position can be filled by examination and certification from the commission.

WOMAN SEES GHOST OF NEPHEW AND FALLS DEAD

Remarkable Coincidence in New York Just as Death of Man Occurred.

New York, Dec. 1.—The death of Mrs. Margaret Smith last night while she was visiting friends in this city has all the uncanny surroundings of a real ghost story. Friends believe that she expired after seeing an apparition, for a moment before she fell to the floor, the woman raised her eyes to the ceiling and exclaimed: "Why Frank! Where did you come from?"

Only a few hours previous Mrs. Smith's favorite grandson, Frank Kane, had died at his residence in West Sixteenth street, but Mrs. Smith had not been advised of it.

Physicians who examined the body pronounced her death as due to heart failure, but those who witnessed the dramatic scene think otherwise, despite their non-belief in spirits or ghosts.

BOYS QUARREL AND ONE STABS THE OTHER

Railway Callers at Logansport Engage in Fight and Murder Ensues.

Logansport, Ind., Dec. 1.—Vincent Hermann, 19 years old, head night call boy for the Pan Handle railroad in this city, was stabbed by Joseph Milburn, another call boy, last night.

Hermann died at St. Joseph's hospital a few hours later. The knife used by Milburn cut the jugular vein and it was impossible for physicians to stop the flow of blood.

It seems that Hermann ordered Milburn to do some work and, when the latter refused, invited him outside the Pan Handle yard office to fight. Hermann, it is alleged, struck and knocked Milburn down and then Milburn, it is further alleged, pulled out his knife and cut Hermann's throat.

Milburn is held on a charge of manslaughter.

FRAIL BARRIER TO FLOOD'S WRATH

Property Worth Millions in Arkansas in Path of Destruction.

ANGRY WATERS MAY WIPE OUT A CITY

Arkansas City Dare Not Dig a New Channel to Divert the Flood.

Pine Bluff, Ark., Dec. 1.—Following an all night struggle against the encroachments of the Arkansas river, citizens of Pine Bluff renewed their apparently hopeless struggle today. The fate of property aggregating probably $5,000,000 is in the balance. All teams that can be pressed into service are hurrying willow and pine branches to the river bank, where hundreds of men are working hard weaving mats and pushing these into the river, hoping to form a temporary barrier against the flood. Unless this serves to check the water's force, the Jefferson hotel, the court house and other buildings are almost sure to be destroyed when the crest of the flood reaches this point. To this is added the strong probability that if these buildings go, and the river remains unchecked, nearly the entire business section of Pine Bluff will be destroyed. A section of land north of the court house walls, ten feet wide by one hundred long, is moving slowly toward the river. The kitchen of the residence of C. G. Brockway slid into the river late last night. The occupants fortunately had timely warning.

LAD MUST ANSWER IN SWINDLING CHARGE

Youthful Son of Athletic Coach Ten Eyck Figured in $13,000 Game.

Chicago, Dec. 1.—Judge McSurely today ordered detectives to proceed to Syracuse, N. Y., and take into custody James Ten Eyck, jr., son of James Ten Eyck, athletic coach of Syracuse university.

Young Ten Eyck is said to have rowed stroke oar with Syracuse's successful crew of last year. He was indicted a year ago with two alleged confidence men charged with swindling Christ Hanson, a farmer, out of $13,000, but at that time young Ten Eyck's identity was not known. It came out today, however, when his attorney pleaded that the alleged culprit is only sixteen years old, that he was made the tool of older men and that he should not be brought back to stand trial.

Judge McSurely, however, declared that he could not properly dismiss the case.

According to the police young Ten Eyck was as much a victim of the alleged confidence men as was Hanson himself. The police state he became the innocent stakeholder of a "fake" pool game arranged by Levy Shephard and Thomas Burns. These two, the police say, secured the money on a pretext and promptly disappeared, leaving Hanson and Ten Eyck together

John Archbold Continues His History of the Oil Octopus.

New York, Dec. 1.—The thread of John D. Archbold's narrative of the building of the Standard Oil company which has related in successive steps the early competitive oil companies and the story of the trust period, carried the testimony today through the liquidation stage and brought it up to the holding period of the New Jersey company. Counsel for Mr. Archbold said they hoped to be able to conclude the direct testimony of the vice president of the Standard today. Government counsel probably will take several days in the cross-examination of Mr. Archbold, who probably will be followed on the witness stand by William Rockefeller.

The Anglo-American company, said Mr. Archbold, did business in the United Kingdom and purchased its supplies in this country. A list of the physical properties of the Standard Oil Company of New Jersey was offered in evidence. The Prairie Oil and Gas company, said Mr. Archbold, did not refine oil, but was engaged in the production and transportation of oil.

Pipe Lines Necessary.

Mr. Archbold declared that pipe lines were a necessary part of the Standard's business. He said:

"The business has outgrown railroad transportation and pipe lines are necessary to insure a constant supply of oil. The railroads could not do the business of supplying the refineries constantly with crude oil even if they had the tank cars, which are not in existence."

Mr. Archbold's cross-examination was then begun by Mr. Kellogg for the government. The witness was questioned as to his official connections with the Standard and its various subsidiary companies. When asked if he was a "leading" official of the Standard, Mr. Archbold said he was "active."

Mr. Archbold said he had heard of the Manhattan Oil Company of Ohio

TEXT OF TREATY NOTES GIVEN OUT

Cordial Exchange Between Secretary Root and Baron Takahira.

OPEN DOOR PACT WITH JAPANESE

Two Nations Declare Their Intentions in the Pacific.

London, Dec. 1.—The Associated Press today secured a copy of the agreement between the United States and Japan concerning the maintenance of the status quo in the Pacific and the observance of the integrity of the Chinese empire. It consists of an exchange of notes between Secretary Root and Baron Takahira, the Japanese ambassador to the United States. The notes are nearly identical. That of Baron Takahira is dated November 11th and says:

"The exchange of views between us which has taken place during the several interviews I have recently had the honor of holding with you has shown that Japan and the United States are holding important outlying insular possessions in the region of the Pacific ocean and that the governments of the two countries are animated by a common aim, policy and intention in that region.

"Believing that a frank avowal of that aim, policy and intention would not only tend to strengthen the relations of friendship and neighborliness which have immemorially existed between Japan and the United States, but also materially contribute to the preservation of a general peace, the imperial government has authorized me to present you an outline of its understanding of that common aim, policy and intention."

Then follow the five articles of the covenant, as made public November 27, from Washington.

The Japanese ambassador writes in conclusion:

"If the foregoing outline accords with the view of the government of the United States, I shall be gratified to receive your confirmation.

(Signed) "TAKAHIRA."

Mr. Root's Note.

Secretary Root in his note says:

"Your Excellency: I have the honor to acknowledge the receipt of your note of today setting forth the result of the exchange of views between us in our recent interviews defining the understanding of our two governments

WARSHIPS AWAIT COMING BATTLE

Cruiser Des Moines is in Port Au Prince Harbor to Save Foreigners.

ENGAGEMENT IS CLOSE AT HAND

President Nord Alexsis is Thought Ready to Retire for Favorite.

Port Au Prince, Haiti, Dec. 1.—The American cruiser DesMoines came into port this morning. Her presence augments the force of foreign sailors and marines that could be landed for the protection of Port au Prince and particularly the foreigners, in case the rebels and the government troops clash, which is bound to occur in a very short space of time, and this clash turns into plunder and pillage.

The DesMoines was preceded by the arrival of the French cruiser Duguay Tourin. The British cruiser Scylla and the Italian cruiser Piramosca are expected shortly. With their advent the foreign element will feel much more secure.

The night passed without any serious outbreak, but the government showed by its precautions that it expected an attack at any moment. For the people of the city the night was one of alarm. Occasionally rifle shots were heard, evidently some sentry firing at night prowlers, but each shot was taken to be the beginning of the expected fight. All night long patrols of infantry and cavalry marched or rode through the streets and the people kept carefully within doors.

General Simon Near Capital.

It is reported this morning that General Simon, the leader of the revolutionary movement, was at Petit Goave, about thirty miles to the west of Port Au Prince, Monday morning. He has with him an army of six thousand men, armed with good rifles, and well provisioned. He has also several pieces of mountain artillery and some machine guns. He is expected to reach Port Au Prince Thursday or Friday at the latest and it is reported that he undoubtedly will make an attempt to bombard the city if the government forces put up a fight.

The government gunboat Nord Alexis was at Petit Goave when General Simon entered that town. Her captain favored resisting the advance of the enemy, but the government commander on shore persuaded him that such resistance would accomplish no good. The captain finally decided to let the rebels come in unopposed. The French consular agent at Petit Goave, M. Chariez, acted as an intermediary in these negotiations.

It is felt here that the convocation of the chamber of deputies, if this step is carried out, may precipitate the threatened encounter or even make the situation much more serious than it is

RUSSIAN AGENT IS THREATENED BY LETTERS

Chicago Lawyer Acting for Czar in Extradition Case in Peril.

Chicago, Dec. 1.—Owing to press of other business, United States District Judge Bethea today postponed until next Monday the hearing of a motion to have Martin Jurow, a witness for the defense in the Christian Rudowicz extradition cause, cited for contempt. Jurow refused to name his comrades in a revolutionary plot in Russia when called upon by Attorney Rigby, representing the Russian government, declaring that he would die first. When the hearing before United States Commissioner Foote was resumed today, it was with the expectation that a decision would be rendered before night. An extra force of secret operatives was present to guard against a possible demonstration or assault upon Attorney Rigby, whose life was today for the second time, threatened by an anonymous writer.

Later Mr. Rigby made the contents of the letter public. It accused him of being "A bloody servant of the czar," and was profusely illustrated with crude drawings of revolvers and daggers. The letter was postmarked Pittsburg and was mailed yesterday. The writer, who declared himself to be an Italian anarchist, signed himself "L. V. Chingorolo." The letter was turned over to Inspector Stuart, who forwarded it to the federal authorities at Pittsburg.

JEALOUS NEGRO KILLS MISTRESS

After Shooting Myrtle Evans, Dick Byman Blows Out Own Brains.

DOUBLE TRAGEDY ON THE STREETS

Woman Ran Away from Her Husband With Byman—A Midnight Deed

R. J. Byman shot and instantly killed Myrtle Evans at the Pennsylvania freight house, on Clinton street, Monday night and then sent a bullet through his head and died within a few feet of the body of his victim. Both were negroes. Byman came to Fort Wayne in the fall with a race horse that he entered at the fair, but he was set down by the judges and lost out and had since been employed as a waiter at the Wayne club. The woman came here from Elyria, Ohio, three months ago and the two had been living together.

Jealousy prompted the act. Two men who gave the names of Jack Doyle, of Pittsburg, and Martin Nelson, of South Chicago, passed the couple as they stood talking on the street a few seconds before the shots were fired and they were held by the police to give their evidence to the coroner. They stated that they heard the voices of the two as they passed, but they were talking quietly and nothing of their conversation could be heard.

When the police found the bodies the woman was lying on her back and that of the man a few feet away and at right angles. The revolver with which the double crime had been committed lay on the woman's skirt and some distance from the man's body. Both shots were fired at the woman at close range, as one entered above the left ear and the other below it and then Byman evidently placed the gun at his own head and fired, the ball passing through from right to left.

Had Quarreled Before.

That there was jealousy between the two is testified to by a number of negroes who were with them at a dance given at a club room on Chicago street Thanksgiving night. They got into an argument there and Patrolmen McFadden and Grimme were called in to quell the disturbance. Byman stated then that he would kill the woman and she begged protection, saying her life was in danger.

Until 11 o'clock last night they were at the same club room and left there only a short time before the shooting took place. There had been no quarrel between them before their departure and nothing indicated that

A HABIT OF YEARS IS HARD TO BREAK

Consequently, Cars on Changed Routes Running on Tardy Schedule.

People who have been patrons of the street car company at regular intervals during the day for many years and who have by habit become so accustomed to boarding cars coming from a certain direction that they do it almost mechanically found themselves in a peculiar position today and a number of them could not throw off the custom altogether, resulting in quite a few boarding the wrong cars. Consequently, the Huffman and East Creighton and the South Wayne and Broadway lines are running today on a somewhat tardy schedule.

For a number of years, those used to taking an East Creighton car have boarded one that turned at the transfer corner from Main street south onto Calhoun street and those waiting a South Wayne would take a car coming from the north. But with the new system of routing the cars, a car for East Creighton avenue comes from the direction of Bloomingdale and the one for South Wayne makes the turn at the corner. Thoughtlessly a number of people boarded the wrong cars today and when the conductor announced the re-routing as each one was compelled to do, these people had to get off and wait for their right cars. Naturally, this resulted in the cars running slightly behind time but it is not believed this difficulty will continue long.

The company officials feel highly pleased with the new system and say that it is working admirably concerning the number of years that the people have been accustomed to the old routing.

The news of the death of Richard R. At that time, Mr. Lindsay was endeavoring to determine the political complexion of the state and he came in touch with a good many people in his short stay. He was a great friend of President-elect Taft, who paid him a visit a few days before his death.

and that he knew little of it. Objection was made by counsel for the defense to this line of cross-examination. The witness said the company was a competitor of the Standard.

Had Heard of It.

"Do you know anything about the General Industrial Development Syndicate, Limited, of London?" asked Frank B. Kellogg.

"I have heard of it since these hearings began."

"Is it controlled directly or indirectly by the Standard?"

"Not to my knowledge."

"Don't you know that the General Industrial Syndicate company purchased the Manhattan Oil company?"

"No, I don't."

Mr. Archbold was asked if it was not true that the Standard had purchased the tank cars, refineries and pipe lines of the Manhattan from the London company. The witness said he understood that the purchase was made. Mr Archbold said that Anthony N. Brady had told him that he purposed selling the Manhattan Oil company and wanted to obtain a contract for oil supply for the People's Gas, Light and Coke Company of Chicago. A contract was entered into, Mr. Archbold said, but he did not know the terms of the contract.

"Don't you know that Mr. Brady testified a year ago that that contract was worth $1,300,000 to the People's Gas, Light and Coke company?"

"I do not know."

Knew Nothing of Loans.

Mr. Archbold said it had never been suggested to him that one of the conditions of the sale of the Manhattan was the contract given to the People's Gas company. The witness said that for many years James McDonald was manager in England of the Anglo-American company and he severed his connection three or four years ago.

When Mr. Archbold's attention was called to the loans of $2,700,000 which the Anglo-American company had made to Mr. McDonald he said he knew nothing of them.

"About this time the General Industrial company bought the Manhattan Oil company. Was the McDonald loan for that purpose?"

"I don't know," said Mr. Archbold.

"Will you produce the London books of the Anglo-American company?"

"I don't think I have the power. I am not a director now."

"A list furnished by your company shows that you were elected a director of the Anglo in June, 1907."

"I think I resigned shortly after that."

"Did you resign as a result of the investigation?"

"I should not say I did."

Mr. Archbold was asked to produce a list of directors of the Anglo-American company at this time.

Recess was taken.

JEALOUS NEGRO KILLS MISTRESS

[Continued From Page One.]

a double tragedy was about to be enacted. The negro had written a letter to Charles Allen, at Gary, Ind., on the Wayne club stationery and it was found in one of his pockets.

Officers Hear Shooting.

City Patrolman Johnson and Lieutenant Neufer and Patrolman Rogers, of the Pennsylvania force, were in Capt. Stoll's office at the south depot when they heard the shots and went out to investigate, discovering the dead bodies. They notified police headquarters and the coroner and after the latter had made an examination the bodies were removed.

The two witnesses held at police headquarters said this morning there was little for them to tell. Both remarked the fact that when they passed the couple they were quarreling, although their voices were subdued. The flashes of the revolver and the shots in rapid succession next attracted the two men. The gun had three empty chambers and it is certain that Byman gave his victim no chance to escape.

The coroner's investigation today added nothing to the case and he is of opinion that jealousy is the sole cause of the double killing. Byman had several letters in his pocket but there was nothing to indicate that he contemplated the crime. The bodies are being held at the Schone undertaking parlors with the probability that that of the man will be shipped to the home of his father at Bellevue, O., while his victim's remains will be sent to Lima, O.

Intended to Leave Today.

Among the people who visited the Schone morgue today to view the remains of the two victims a number stated that the woman had stated she would leave Fort Wayne today for her home at Elyria. Byman had made threats to kill her if she carried out her threat to leave him and this probably brought about the tragedy of last night.

In addition it is stated they were quarreling on Chicago street before they reached the spot at which the shooting took place. A great number of people went to the morgue today to look at the two bodies.

uties will do and they may declare their opposition to the president. There is a strong belief among the people of the city that President Alexis is on the point of retiring from office and naming General Turrenne Jean Gilles as his successor. General Gilles is a favorite of General Alexis and represents his policies, which he probably would carry out.

CAPTAIN HOBSON IN CITY DURING AFTERNOON

Says Fleet Must Be Kept in Pacific at All Times to Make Treaty Good.

Capt. Hichmond P. Hobson, of Greensboro, Ala., congressman of the United States, hero of the Merrimac and idol of the ladies, is spending the afternoon in this city and this evening will delivor a lecture at Hartford City, returning late tonight, when he will take a train for Washington, D. C., where he will prepare for the opening term of congress.

Capt. Hobson's views on the possibilities of a war with Japan in the near future either have been read or heard by a good many and when asked this afternoon as to the effect in his mind of the treaty recently made with that country, he replied: "That treaty can be made very valuable if we keep the fleet in the Pacific ocean and continually increase it. If this is not done, the exchange of notes is liable to produce not only a bad effect in having an influence on the events in the Pacific, but also in destroying the feeling of security in America."

Capt. Hobson has many times reiterated his belief that this country would come to war with Japan and that we would suffer, owing to the size of the United States fleet. And according to what he said today, he still believes that war is imminent unless this country has some method of seeing that the conditions of the treaty are rightfully regarded.

Capt. Hobson has been in this city several times previous to today and was instantly recognized as he approached the register at the Wayne hotel. During the afternoon he made arrangements with the interurban company to hold the car at Hartford City a little later in order that he could make connections with the 12:55 train east on the Pennsylvania tonight.

FRAIL BARRIER TO FLOOD'S WRATH

[Continued From Page One.]

Several warehouses along the banks which have been partly wrecked, are tottering.

The entire river front is cracked and unsafe even for pedestrians. Secretary of War Wright has been appealed to by the citizens of Pine Bluff asking permission to change the course of the river. Those most familiar with the situation believe this step alone can be of permanent value in keeping back the ravages of the stream.

MUST NOT CUT NEW CHANNEL.

Memphis, Tenn., Dec. 1.—A message from the war department today refused permission to citizens of Pine Bluff, Ark., to cut a new channel for the river and property owners must rely upon brush "fastenings" to protect the river banks. It is doubtful if they will give the protection needed. The river is rising rapidly and a stage of twenty-five or thirty feet is expected by Thursday. The flood stage is twenty-five feet.

Two government boats are here and are lending all the aid possible.

TWO DEATHS IN OKLAHOMA.

Guthrie, Okla, Dec. 1.—Flood conditions in this part of the state continue to improve and the Arkansas, Caney and Verdigris rivers are falling steadily today. So far two deaths have been reported, but there were a number of narrow escapes.

The dead are:

JOHN SULLIVAN, a section foreman, drowned in Black Bear creek, near Red Rock yesterday. Body recovered.

A. J. WHITNEY, secretary and treasurer of the Farmers' Union Oil mill in Guthrie, drowned while leaving the mill on a raft Sunday night; body not recovered.

As a result of a washout early this morning, which caused a break in the natural gas supplying Oklahoma City and Guthrie, both cities are out of fuel and practically all the factories are closed. Street car service was suspended until a change was made enabling the power houses to burn coal.

SEIZED BY GOVERNMENT.

Stuff Smuggled for Mrs. Jack Gardner Taken for Duty.

Chicago, Dec. 1.—Tapestries, paintings and bric-a-brac valued at $70,000 belonging to Mrs. "Jack" Gardner, of Boston, which have been locked up in a vault in the office of Collector of Customs John C. Ames since Mrs. Emily Chadbourne Crane is alleged to have tried to smuggle them through the Chicago port without paying the dues, were formally seized by the department of justice today. The seizure was a legal formality resulting from the governments recent action in filing suit for the confiscation of the property.

BANK BURGLARS GET $5,000.

Port Byron, Ill., Dec. 1.—Burglars blew open the vault of the State bank early today and escaped on a hand car with nearly $5,000 in cash. A few residents were aroused by a muffled explosion, but paid no attention to it and the burglary was not discovered until the bank was opened for the day's business.

IMPORTANT DAY IN TARIFF REVISION HEARINGS

Schedules for Manufactures of Cotton Discussed by Committee.

Washington, Dec. 1.—Today's hearing on the proposed tariff revision formed one of the most important of the entire series heled by the house ways and means committee.

Cotton manufactures and silks and silk goods were the two important schedules taken up. In past tariff hearings these subjects have proven to be among those of greatest interest and large delegations of manufacturers from the various cotton manufacturing centers were on hand to persent their views to the committee. Cotton cloth, hosiery and silk manufactures were among the articles which attracted especial attention.

An important gathering of representatives of the soap industry in the United States was held in Washington last night. It is estimated that 85 per cent of the soap manufacturers in the United States, representing an aggregate of over $75,000,000 of capital invested in the manufacture and sale of laundry and toilet soaps and washing powders, were represented.

Many arguments were advanced and committees were appointed to prepare briefs to be filed with the ways and means committee, stating that the tariff on tallow is unjust and has not been effective as a reveenue producer.

Among the other articles upon which the soap men claim there should be no duty are cocoanut oil, alkalels, soda ash and caustic soda.

Will Readjust Schedule.

Of more interest than yesterday's hearing before the ways and means committee for the consideration of the changes in the tariff schedule for flax, hemp and jute and their manufactures is the proposed readjustment of that schedule to conform with the decisions and interpretations of the courts. According to one decision mats made of straw were held to be entitled to entry at only 30 per cent. as manufactures of straw, instead of being imposed the duty of from 30 to 70 per cent. specified for floor mattings. It is proposed to remedy this by including all mats manufactured from straw or other vegetable substances "not otherwise provided for" in the same paragraph with floor mattings.

What is known as drawn work, which belongs in the same class of articles as laces, is to be specifically provided for, as it is also proposed to provide for bandings, beltings, bindings, cords, ornaments, ribbons, tapes and webs or webbings.

New paragraphs for the schedule have been suggested for ramie sliver, or roving, which is now held to be dutiable by similitude as cotton rovings, or vegetable fiber which have been dyed, dressed, treated or manufactured in any manner.

Textile grasses and fibrous vegetable substances are free of duty when not dressed or manufactured in any manner, but there is no provision for such substances when in the intermediate stage of being dressed or subjected to other manufacturing processes.

in regard to their policy in the region of the Pacific ocean.

"It is a pleasure to inform you that this expression of mutual understanding is welcome to the government of the United States as appropriate to the appreciations of the two countries, and as an occasion for a concise, mutual affirmation of that accordant policy respecting the far east which the two governments have so frequently declared in the past.

"I am happy to be able to confirm to your excellency, on behalf of the United States, the declaration of two governments embodied in the following words."

Secretary Root then inserts in his letter the five articles of the covenant as set down in the letter of the Japanese ambassador.

HAD PROFITABLE SESSION.

Country Life Commission Makes Progress in California.

Sacramento, Cal., Dec. 1.—According to two representatives of the body, the country life commission held the most profitable session since it left Dallas, Tex., in Sacramento yesterday. Three sessions were held by the commission during the day and a large number of farmers representatives of most of the counties in the northern part of the state, were present on each occasion. The labor question received considerable attention, and one of the larger farmers incensed at the worthlessness of migratory white laborers, declared the only solution of the problem is to allow from 10,000 to 50,000 "energetic young Chinese to enter the country each year."

DEATH LIST IS NOW 135.

But Few Bodies Remain in the Marianna Mine.

Pittsburg, Dec. 1.—The death list at the Marianna mine now numbers 135. It is believed only a few more bodies are still in the mine. The inquest has been set for Thursday, Dec. 10th.

QUITS WORK RATHER THAN CARE FOR WIFE

Florence Listenberger is Asking a Divorce—The Court News.

Florence Listenberger has entered suit in the circuit court demanding a divorce and charging that her husband quit his employment rather than give her the support she asked of him, through the medium of a court action. The Listenbergers were married October 10, 1905, and lived together until August 26, 1907.

She states that while she was ill he refused to care for her or to provide medicine for her and left her in a room alone with no means of securing any attention other than pounding on the floor. In the meantime, she alleges, he found time to go to theaters with other women and at one time, when she filed an affidavit against him for wife desertion, he was arrested while he was dancing with one of these women at a public dance.

In addition he is charged with calling her foul names and with having struck her in the face a number of times with sufficient force to leave marks. She was compelled to work for her own living and she wants her maiden name of Buesch restored. Homer C. Underwood is her attorney.

Wants Damages for Injuries.

Sebastian Miller has instituted suit in the superior court against the Fort Wayne and Wabash Valley Traction company, alleging that as he was driving along Broadway on May 19, of this year, an interurban approaching from behind frightened his horse and made the animal run away.

He contends that instead of stopping the car to allow him to get the horse under control the car pursued him and at last struck the rig. His damages are fixed at $11,000. Some time since his daughter, who was with him at the time, filed suit. Harper & Eggeman are his attorneys.

Disturbed a Meeting.

James Fulmer was fined $5 and costs in the circuit court today on the charge of disturbing a public meeting near Aboite. The affair was a box social given at a school house and he engaged in a fight with another man who has not been arrested. Ava Burdoin was also arrested and gave bond for his appearance, but Prosecutor Thomas ascertained that he had done nothing more than act as peacemaker, for which he got a whack over the head and the case against him was dismissed.

Arguments Are Heard.

Arguments were heard in the superior court this afternoon in the petition of the receiver for the Toledo and Chicago Interurban Railway company for permission to construct a concrete bridge over an open ditch near Garrett. The floods of last spring put a section of the company's track under water and the bridge is to avoid the possibility of a repetition. The B. & O. railroad and William Casteel are fighting against the proposition, as they contend their property will be injured.

Court Notes.

Oscar Gandy has filed suit in the superior court against Thomas R. Morrison and others to quiet a title. The complaint covers seventeen pages of typewritten matter on account of the great number of people involved. C. W. Kuhne is the attorney.

As special judge Attorney S. L. Morris granted a divorce in the superior court today to Elizabeth from John C. Kellermeier.

AGREEMENT SEEMS LIKELY.

Vienna, Dec. 1.—It is held here today that the prospects of an agreement between Russia and Austro-Hungary in the matter of an international congress to settle the Balkan difficulty, are more favorable and consequently the political atmosphere has cleared. Furthermore, it is declared in authoritative quarters that Count Pallavicini, the Austro-Hungarian ambassador to Turkey, will not leave Constantinople. As a result of this favorable news, prices on the Vienna Bourse today were firmer.

UNWASHED ARMY WAITED AGAIN TO HEAR THE TESTIMONY

The Second Disappointment Meted Out to the Unwashed.

The great army of unwashed stood through another long session of the city court this morning for a hearing of the Arnstein case only to be disappointed as the matter has been taken to the circuit court with the probability that the prisoner will pay a stiff fine and be deported to Germany, whence he was sent on account of his evil propensity.

Instead the crowd heard how Ruth Livingston returned from the home of a "lady friend" last July, where she was called to sit up because of a domestic misunderstanding in which the friend aforesaid sustained a fractured jaw and found Minnie Myers in a room with her husband. Minnie stood not on the order of her going, but did a leap through a window, alighting on the best Sunday bonnet of a newspaper collector. Ruth pursued and gave her a beating for which she was assessed $1 and costs.

Another thing the unwashed heard was a chicken case in which the Bennigens and Rosenwinkles spent a couple of hours and their ducats trying to settle a neighborhood chicken quarrel with the net result that the case against Joe Bennigen was continued indefinitely and the court instructed the parties to cease their bickering.

They didn't hear much about John W. Wilson and James McGlieth because the negotiations were carried on quietly, but both were fined $5 and costs and sentenced to thirty days in jail. They secured the grip of the Odd Fellows a few weeks ago and succeeded in working Elmer Vilend for a small sum of money.

Thomas Haley, a plain drunk, was fined $5 and costs.

THE DEATHS.

GLUSENKAMP.

After having been a sufferer for six weeks from typhoid fever, a disease which has attacked five of the nine members of her family, Miss Anna Glusenkamp, aged 26 years and daughter of Mr. and Mrs. Fred Glusenkamp, living at 426 West Fourth street, passed away at 4 o'clock Monday afternoon. A sister, Esther, 14 years of age, and a brother, Harry, who is 12 years old, are in a critical condition suffering from the disease, and the mother and another brother are just recovering from it. The sorrow of yesteday may be augmented at any time by the death of either the sister or brother.

The first case of the disease to attack the family was reported about two months ago and since that time there has been nothing but fear and anxiety in the hearts of the parents and children. The father is employed as a blacksmith on the L. E. & W. railroad and besides the children spoken of above there are still living two daughters, Louise and Meline, and a son, Fred Glusenkamp. Mrs. Homer Stewart, who resides in Washington, D. C., is also a daughter.

Funeral services Thursday afternoon at 1:30 o'clock from the residence and at 2 o'clock from the Church of the Redeemer, Rev. Theodore Hahn officiating.

JUDT.

On last Saturday evening occurred the death of the 3-months-old son of George Judt, of Adams township. Death was due to indigestion.

Funeral services Tuesday afternoon at 1 o'clock from the residence.

FUNERAL NOTICES.

Kensill.—Funeral services for Miss Lillian May Kensill will be held at 2 o'clock Thursday afternoon from the residence, 1101 East Lewis street. Rev. G. F. Byrer officiating. Lindenwood will be the place of interment.

TO DISCUSS CHICAGO SHOPPERS.

Fort Wayne Retail Merchants Will Take Up Question.

The Fort Wayne Retail Merchants' association will take up for discussion at their meeting next Monday evening, the question of local people who go to Chicago to do their shopping. With the holiday season well open and railways preparing to run cheap excursions to Chicago, the local merchants believe it worth while to undertake to show Fort Wayne people that there is not only no material advantage to gain in a shopping trip to Chicago, but that a proper spirit of local pride will dictate a loyal patronage of home merchants. It is expected that the discussion will result in some method of dealing with this method through a means of touching the pride of Fort Wayne folk in Fort Wayne affairs and Fort Wayne prosperity.

CITY BREVITIES.

The W. C. T. U. will have a parlor meeting Wednesday afternoon at 2:30, with Mrs. Merriam, 905 Crescent avenue. Mrs. Willis, of Bluffton, will give a report of the state convention.

Miss Ruth Schawman, of Peru, will be the guest tomorrow of Miss Mabel Smith, of South Calhoun street.

Miss Flossie Blanchard was removed last evening from her home at 1420 East Lewis street to the Hope hospital, suffering from appendicitis.

SPLENDID TRIBUTE PAID TO JAMES MURDOCK

Great Funeral for the Dead Magnate in Lafayette—Friends Show Love.

Lafayette, Ind., Dec. 1.—The body of James Murdock, multi-millionaire, capitalist and benefactor, was buried today in St. Mary's cemetery, near the imposing Murdock monument. Measured by attendance, interest and general sorrow it was the greatest funeral Lafayette has ever witnessed. Not more than a quarter of those who desired to attend the services at St. Mary's Roman Catholic church could gain entrance, the doors being closed long before the hour set for the beginning of the solemn requiem mass.

The ceremony this morning was impressive. No such collection of flowers was ever seen before on any occasion in Lafayette. The flowers came from greenhouses all over Indiana, Illinois and Ohio. Huge wooden frames were built to hold the wealth of blossoms and greenery The body lay in state in a bronze coffin yesterday afternoon and last evening at the Murdock mansion.

The celebrant was Rev. Thomas Lillis, bishop of undiocese of Topeka, Kas., and he was assisted by Very Rev. John ... Dinnen and the Catholic clergy. Dr. Andrew Morrissey, of Notre Dame university, delivered the sermon and the interment was made in St. Mary's Catholic cemetery.

The pall-bearers had been chosen from the men who were actively associated with Mr. Murdock in the business enterprises with which he was identified. They were C. D. Emmons, Fort Wayne; J. D. S. Neely, Lima, O.; E. W. Hanley, Dayton, O.; S. E. Mulholland, South Bend; Fletcher Durbin, &Evansville; William Gude, Thomas Wishard and Walter J. Ball, Lafayette.

Former Governor and Mrs. Winfield G. Durbin, of Anderson, and Mr. and Mrs. Fletcher Durbin, of Evansville; Col. J. Levering Jones, of Philadelphia; Charles F. Dietrich, president of the Indiana Lighting company, and Alfred E. Dieterich, treasurer of the Northern Indiana Traction company, were here for the funeral.

Among those from abroad in attendance at the funeral were the officials of the Fort Wayne and Wabash Valley Traction company, of Fort Wayne, present and former associates of the Murdock gas interests in that city, a number of prominent citizens who were long political and personal friends of the deceased, and several newspaper meen. The party came to Lafayette in a special car over the Fort Wayne and Wabash Valley electric line.

Friends and associates from many other points in and out of the state were in attendance.

CAR WHEELS STOPPED.

Evansville, Ind., Dec. 1.—During the funeral of James Murdock at Lafayette today, all the cars on the Evansville and Southern Indiana Traction company, operating the city street car lines, and the Evansville and Princeton Traction line were stopped for three minutes, from 10:30 to 10:33 o'clock a. m.

CITY OFFICIALS TO BEGIN ON LEGAL PROCESS

Decide to Pass Track Elevation Resolution Thursday.

At a meeting in the office of the board of public works Monday night it was decided to frame a resolution declaring a general scheme of track elevation necessary and to have the board pass this at the meeting on Thursday afternoon.

Following the passage of this resolution the interested companies, which are the Pennsylvania Railroad company, the Wabash Railroad company and the Fort Wayne and Wabash Valley Traction company, will be notified and will be given ten days in which to file remonstrances. Then will follow the modifications that the city expects will be asked and then plans are to be supplied by the companies along with estimates and with no hitch in the matter the great problem will soon be under way.

The city must prepare estimates of the probable cost of the subways and retaining walls along with the declaratory resolution, but will not touch on the cost of the superstructure, which is left to the railroad companies. The meeting Monday night was attended by Mayor Hosey, the members of the board of public works, City Attorney Guy Colerick and President Schwier and Members Welch and Kinder of the common council track elevation committee. Dr. Enslen and W. E. Cook, of the committee, were absent.

Following the explanation by the mayor of the object of the meeting and a review of the track elevation proceedings the members of the council were simply asked to lend their approval to the course outlined by the board of works. In his explanation the mayor stated that he had every reason to believe that the proposition would be found acceptable to the railroad companies as the officials he had talked with had so informed him.

Mr. Randall Talks.

City Civil Engineer Frank Randall then stated that the elevation scheme will embrace every street west of Calhoun on both the Wabash and Pennsylvania lines and that the plans to be submitted with the resolution will call for clearances of sixteen feet. This means a depression of eight feet and three inches, which will be two feet and ten inches below the surface of Baker street at Calhoun. Mr. Randall stated that with any easy grade the tunnel can be brought up either at Murray street or the first alley south of the Calderwood hotel.

It is believed that although the first resolution will call for sixteen feet clearances there will be not to exceed fifteen and a half, as it is likely the interurban lines can be accommodated with this space. This is one of the modifications that is expected. Then it is believed that all of the streets embraced in the first resolution will be covered and the action of last night was simply for the purpose of getting the legal machinery working so that a definite time for a meeting of the interests can be fixed by law and they will be compelled to get together.

The city has a fund of about $30,000 for track elevation and is prepared to begin work. The question of sewage and sidewalks will take care of itself after the larger details have been worked out, said Mr. Randall. There was a lengthy discussion of the proposition in which all the technical points were thrashed over.

Epilepsy, Fits

Convulsions, or Spasms and St. Vitus' Dance are Nervous Diseases. Most cases can be cured by strengthening and building up the nervous system. To do this a nerve medicine is needed. Dr. Miles' Nervine will be found efficacious and satisfactory. It has cured many cases of these diseases and we believe it will cure you. We can give you names of many who have been cured through its use. Write for advice.

"My son John had epilepsy for years, and after having him treated by specialists for over 2 years he still continued to have spells. I had almost given up in despair, but knowing the virtue of Dr. Miles' Anti-Pain Pills for sick headache, I concluded to try the Nervine. During June, 1905, I gave him a teaspoonful three times a day, then in July I gave it as directed, and I could see that he was improving, and he has not had a spell since August 28, 1906, and has taken no medicine since Jan.-07. I am writing the case just as it is hoping it will induce others to try it."

Splendid Class Taken Into Local Chapter of K. of C. Monday Night.

It was a splendid class of candidates upon whom the rites of the Knights of Columbus were conferred by the local chapter Monday evening, and the initiation was accounted the most successful for a number of years. The work was conducted in a most impressive manner by Grand Knight H. O. Bruggeman, assisted by an able staff.

Following the degree work, Thomas J. McLaughlin, Dr. E. J. McOscar and Rev. E. J. Mungovan gave short but very interesting talks and several musical numbers by Maurice Niezer and John Schultess concluded the evening.

The new members of the local chapter as taken in Monday evening are F. X. Didier, H. Greven, C. J. Collins, J. J. Hoben, Luke W. Reed, W. A. Gorden, W. E. Strehlg, P. J. Kelliher, F. A. Lambert, C. Northern Indiana News and Gossip

Henry Cunningham, aged 79, is dead at Warsaw.

Elmer Rummel, an Elkhart county farmer, lost an arm in a corn shredder Saturday.

John Gardner, a pioneer of Noble county, has just died at the home of a son in Sturgis, Mich.

An effort that promises success is being made to organize a Young Men's Christian association in Bluffton.

Silas Fuller and Rebecca Summers, an aged couple, of Milford, who desire to wed, have twice been refused license.

Thomas Evanson, for many years a prominent business man of Columbia City, is very ill at Seattle, Wash. He is 72 years of age.

Nelson Foster, near Kendallville, was badly injured when the belt running a cord shredder broke and struck him, knocking him senseless.

Alexander Ummel, a well known citizen of Whitley county, is dead at his home near Laud, at the age of 83. He came from Ohio to Whitley county in 1886.

Mrs. C. A. Drerup, wife of a well known Kendallville man, is dead following an operation for abdominal tumor. She was married in 1877 and eight children survive her.

Jesse Shull, aged 22 years, was killed at Lapaz Junction, Marshall county, while attempting to board a moving freight train. His home was in the southwest part of Kosclusko county.

Ray Boggs, a Pennsylvania railroad telegraph operator stationed near Warsaw, was struck on the head Monday by a piece of telephone pole broken off by the wind. His injury was not serious.

Miss Jennie Menaugh, of Albion, will probably be appointed official court stenographer for the Whitley-Noble circuit by Judge Wrigley to succeed Mrs. Nettie Mullon, who has for some time held the place.

Charles Murphy, 23 years old, while hunting rabbits Saturday near Wabash, was accidentally shot in the hip by a 14-year-old boy, who stumbled and fell just behind Murphy. The rifle carried by the boy was discharged as he fell, and the bullet entered Murphy's hip.

Abram Fisher, a pioneer of DeKalb county, is dead at the home of his granddaughter, Mrs. Arb Farney, at Butler. He was aged 87 years and settled in DeKalb county when it was a wilderness. He was an active member of the United Brethren church. His aged wife survives him.

A divorce suit will be filed in the Adams circuit court at Decatur by Jennie Kirkwood for divorce from William Kirkwood. The couple were married in 1907 and neither was much over 16 years of age when the wedding took place. A son has been born of which the girl wife asks the custody.

"This horse and buggy belong to a liveryman at Rochester, near the waterworks. Goodbye," was all that was written on a note found under a seat of a buggy that had been left at the Fishback livery barn at Peru Saturday night, to let the local officers know that the horse and buggy had been stolen.

Verne Cripe and Walter Evans, aged 15 and 13, respectively, were buried Sunday night in a sandbank near Walkerton, their home. They had left home Sunday to spend the day in their cave. Heavy rains caused the roof to loosen and it fell upon them. They had been dead three hours when found.

Mrs. Theresa Wartzbaugh and her 14-year-old daughter are in jail in Peru charged with obtaining money under false pretense. The woman is bright, affable and charming and a puzzle to the officers. She asserts that her husband, now living in Iowa, is a bigamist, and that he was once a law partner in the firm of Governor-elect Marshall at Columbia City.

Captain Milton Garrigus, of Kokomo, has announced the arrival of a son at his home. Although 77 years old Captain Garrigus is still in sympathy with the views of President Roosevelt on the race question. Captain Garrigus, who is a former commander of the Indiana Department of the G. A. R., seven years ago married a young woman against the wishes of her parents.

William S. Harvey, who disappeared from Bluffton two weeks ago, after selling his house, blacksmith shop and other property, has just been returned home by officers and relatives who found him in jail at Marion. He seems to be suffering from dementia. Four hundred dollars he had when he left home was all gone but a dollar or two. So far there is no evidence to connect him with a woman who disappeared from Bluffton about the time Harvey did.

After concluding her day's work by taking from the oven twelve loaves of bread, Mrs. George Bowman, age sixty years, residing four miles northwest of Peru, Saturday afternoon sat down on the dining room floor, placed the muzzle of a 32-caliber revolver in her mouth and pulled the trigger. Her lifeless body was found by her daughter, Louise, age twelve years. The child, horrified at her discovery, ran about the neighborhood trying to find some one to come home with her, and everywhere she went the neighbors were not at home. After an hour's search she reached the home of Fred Myers, which is a mile and a half from the Bowman home. In summoning help the girl had traveled more than six miles, although the neighborhood is thickly settled.

A HINT TO MERE MAN.

At the risk of incurring the contempt of mere man we herewith venture to suggest to that large number of male humans upon whom Christmas obligations rest compulsively and to whom Chrismas sentiment may appeal that a good live holiday advertisement in a newspaper will show them the way just as readily as it will a woman

Just con the newspapers when you are in the agonizing throes of trying to invent Christmas cheer ideas of originality and merit. You will get frequent suggestions and occasionally an inspiration.

It isn't so hard to shop when you know what you want and where to get it.

And another thing—worth while, too. If you will do this you will get all through with the bother of it days ahead and have abundant time to gloat over your holiday secrets.

Try it. Fort Wayne merchants have worked hard and are daily working hard to make it easy for you.

Shame to let so much worthy effort go to seed.

Don't.

Begin your education in bargain study now.

It pays.

Ask your wife.

Or your mother.

Sister can testify.

Sweetheart can confirm the verity.

Any woman will emphasize the fact.

This shopping game isn't the terror it's made out by many to be, if you only begin right. And the place to begin is in the advertisements of the live merchants in the live newspapers. There you get the idea. And the cost of it. That much fixed and the mere matter of selection becomes easy.

Fort Wayne stores this season are uncommonly rich in holiday attractions. The women know this, but few men do. Bargains are to be found in clusters. Go to them while choice really means choice.

The people of Indiana soon will be able to get a definite line on temperance and anti-temperance sentiment as these may be expressed in a county option election. Movements for elections under the new law are afoot now in five counties—Whitley, Wabash, Wayne, Daviess and Lawrence. The Liberal league, a pro-saloon organization, is preparing to give battle to the Anti-Saloon league, which organization is backing the option fights in each of these counties. Geographically the points of engagement are widely distributed and comprehend three general sections of the state. Whitley and Wabash are near together in the northern part, Wayne is in the east central part and Lawrence and Daviess are respectively in the south central and southwestern parts. If these counties go "dry" in the forthcoming elections, it will mean the beginning of a general onslaught against the saloon throughout the state save in several of the counties which embrace the larger cities of the state. In these larger communities public sentiment will be prepared by the Anti-Saloon league before a battle is risked.

If it is true that agents of slot machine gambling devices are installing their outlawed paraphernalia in saloons with the understanding that if there is any trouble the agents will settle all expenses of court, the sheriff and the police should give these gentlemanly and generous sport agents the time of their lives. There has been an extremely lively revival of slot machine gambling in Fort Wayne within the past two or three months. There isn't a policeman fit to patrol a down town beat who couldn't lay his hands on half a dozen in as many minutes if he were doing it on a fat and fair wager. Announcement was made some weeks ago that the slot machines would have to go. This appears to have been interpreted by the agents and lessees here to mean go on. At all events, that is what they are doing.

The United States supreme court has just put a painful crimp in the railroads that are desperately combatting state rate laws in various commonwealths. In the Virginia case the railroads are told to go back and exhaust all recourse in the state courts. This is salutary and it will, moreover, put an effectual drag on the wheel of Federal Judge Pritchard, who for two years has been uncommonly diligent in attempting to destroy state rate laws. Railroads have been jumping straight into Pritchard's court and getting what they wanted. A conflict between a state and the federal government was sharply precipitated some time ago. The supreme court of the United States has now fixed a rule that will enable these state rate laws to be determined properly on their merits.

When Charles T. Yerkes willed New York his Fifth avenue palace and a few million dollar collections of art treasures Greater Gotham appears to have been handed the citrous spheroid on a very magnificent scale. The will conveying the gift cannot be found and a mortgage has just been foreclosed on both palace and art collection. Whole aggregation is about to be sold out at auction and nobody in sight down the road with a green bundle wig-wagging the auctioneer that a long lost son has come in the nick of time to the rescue. Meanwhile, Gotham would probably be glad to take the property out of hoc if she could get hold of the pawn ticket.

Paul Revere and his ride have been relegated to the limbo of the mythical. Hundred years hence and Phil Sheridan and his ride will doubtless join him along with heroic galaxies from all ages. Murrain on these iconoclasts. Good myth-maker just as respectable and much more useful.

Now suggested that Theodore Roosevelt be brought out for speaker of the house to beat Cannon. Probably all right to wallop their Uncle Joe, but don't think the country will stand for outlaw ball in the big league. Don't believe Theodore wants to be a rustler, anyway.

The new administration is going to make a "good" Uncle Joe of the speaker. Trust it won't be necessary to process him as they do the noble red man in order to make a "good" Indian.

Solicitous friends are advising the president of all sorts of things he should take along with him to Africa. Strangely enough, none of them has yet mentioned a return ticket.

Early Christmas Shopping Will be the Rule This Season

Early shopping has been the theme strongly advocated by the leading papers of the country and justly so; why wait until the last few days, encounter the great crowds of buyers, finding depleted stocks and vexatious disappointments?

We are proud of our holiday showing. Never before have we presented to our patrons the extensive assortment we are showing this season.

Immense purchase of over 5,000 yards of choice Taffeta Silks, which we are offering at 49 and 59c, is a revelation to silk buyers. This beautiful lot of Silks consists of checks, stripe and plaid, uitable for waists, dresses and petticoats.

The fur section on our second floor stands preeminent for excellence and variety. Furs as Holiday Gifts are immensely popular and we cannot begin to describe in this limited space the scope of our assortments. Every conceivable fur in neck pieces and muffs we show in variety at popular prices.

The Silk Petticoat Section Promises a Heavy Patronage

We are showing the best line of silk petticoats ever shown in Fort Wayne—Taffeta, Messaline, Heatherbloom, Morines, etc.

On the main floor our lines of Holiday ware, consisting of fine imported China, Fancy Hosiery, Jewelry, Leather Goods, Fancy Belts, Ladies' Neckwear, Ruching, Ribbons, etc., etc.

Our Big Handkerchief Department is a store in itself. Handkerchiefs by the thousands for Men, Women and Children, from the cheapest handkerchief to the finest hand embroidered.

Our Glove Department at all times carries the latest and newest styles for Ladies and Misses.

Fancy Glove Boxes in large variety.

Aged Miami Princess Who is Living in Squalor and Misery Near Roanoke

KIL-SO-QUAH.

SPENDING LAST OF HER DAYS IN MISERY

Aged Kil-So-Quah, the Last Princess of Miamis, in Abject Poverty.

Huntington, Ind., Dec. 1.—One of the worst pictures of misery is to be found in the home of Kil-so-quah, the Indian woman who lives near Roanoke. She is so ill that she is not able to leave her bed and part of the time she is without food or fire and in this condition she was found by visitors last Sunday.

The Indian woman is now nearly ninety-nine years of age. Because of her age she is almost blind and is afraid to walk around in her own home when she is not ill because of falling. She is very feeble and because of her heavy weight she is unable to handle herself. Her son, who makes his home with her, frequently leaves her for days at a time and while he is away she has nothing to comfort her but her pipe and tobacco. On this she lives until he returns from a visit to Fort Wayne, Roanoke or a hunting expedition that sometimes keeps him away several days.

In Pitiable Condition.

Those who called on her Sunday found her in the most pitiable condition. The son had left Saturday afternoon, according to the statements of the aged woman as best she can express herself in the few words of English that she can say. Kil-so-quah always clung to her native tongue of the Miamis and at her present age can talk in no language but that of the tribe of her people which is now extinct.

She is a terrible sufferer from asthma and was suffering from a bad siege when found Sunday noon. After the son had left for some place unknown to the neighbors, the fire in the shell of a house went out and there was no food for her. Had there been food in the cupboard, she would have been unable to leave her bed to get it. The visitors stood outside her house and could hear her struggle for breath by the peculiar wheezing noise.

Inside the house the temperature was found to be lower than out of doors. She had managed to prop herself up in bed as this is the only position she can have to keep her breathing apparatus working.

Struggling to Keep Warm.

Wrapped in old worn-out shawls, fascinators, old horse blankets pieces of carpet and comforts that had been abandoned by white people, she was trying to keep warm and struggling to hold on to life.

With those who called on her Sunday there was a little boy about three years of age. When he went to her bedside, the aged woman smiled and talked in her peculiar language. She made feeble attempts to play with the child, but her large coarse dark hands were so stiff with cold that she was unable to move them about with any freedom.

The son has the traits of his race. He believes in the theory of "Let the women do the work and everybody works but father." He makes no attempt to farm the forty acres that had been saved from the old reservation. To the neighbor white people he looks for taking care of the farm giving the usual share to those who till the soil.

If ever a woman in the county needed the attention of charitable persons, this aged member of the prehistoric race does. Without any of her kin to care for her, she is alone, the whole race to die out when her life is ended. Neighbors do what they can for her, but she requires so much care that more attention is badly needed than that which she receives.

NATION FACING CRISIS.

Churches Urged to Stop Capital and Labor Wars.

Boston, Mass., Dec. 1.—"The Church and the Social Crisis" was discussed by Prof. Walter Rauschenbusch, of Rochester, N. Y., and Rev. Dr. Washington Gladden, of Columbus, Ohio, last night. Prof. Rauschenbusch, who occupies the chair of history at Rochester Theological seminary, represented the Baptist body, and Dr. Gladden the Congregationalists.

"It is in the industrial world," said Dr. Gladden, "that the social crisis sounds its most ominous note. Industrial society has become sharply divided into two classes: Those who own the capital and organize and manage the industries and those who do the work. As things now are moving the logical objective, so far as the workingmen are concerned, is the abolition of private capital.

"The only thing which is needed to forestall the terror is that the church should comprehend its mission and deliver its message. If the Christian churches would drop their controversies and concentrate their thought upon getting the golden rule established as the law of neighbor life and business life they would speedily fill the world with life and health and peace."

Epileptic Fits.

Epilepsy is a chronic disease, of which the fit is only a symptom. There are several varieties of symptoms, but they represent the same disease, differing only in severity and the individual peculiarities of the patient.

The uncertainty of the fits cause epilepsy to be especially dreaded, and the difficulty in finding a cure casts a gloom over nearly every epileptic. That the family doctor cannot cure this trouble is a fact admitted by the physicians themselves.

The success of Wheeler's Nerve Vitalizer in curing the most advanced and difficult cases should entitle it to a place above that of any other method.

If we could place in the hands of every epileptic a complete history of the almost marvelous cures effected by Wheeler's Nerve Vitalizer, it may safely be assumed that not one of them would hesitate a moment in taking the treatment.

We publish a small booklet containing a history of many cures similar to those published below, together with other general and valuable information on nervous diseases which we will gladly send free to all who ask for it.

Cured After 25 Years.

I had epileptic fits for over 25 year, never more than three weeks apart, and often several times a day.

During all of these years I was under some kind of treatment, and used everything advertised to help or cure. Even the best doctors gave my case up as hopeless. I learned of Wheeler's Nerve Vitalizer and decided to give it a trial. I have taken it for over 16 months, and have not had an attack since I used the first bottle.

I consider myself cured absolutely, and give WHEELER'S NERVE VITALIZER entire credit for it.

I gained over forty pounds and feel like a slave liberated from bondage. I would not recommend this medicine if I though there would be any doubt as to its beneficial effects; but I certainly recommend it, in full confidence that it will cure the worst case. A. S. BROOKS, 508 N. F. Street, Richmond, Ind.

This is to certify that my daughter had epileptic fits for six years and that she doctored with the best physicians she could find and took all of the preparations advertised as cures, but got no help until she commenced to take Wheeler's Nerve Vitalizer. She commenced taking it one year ago and has had but one fit since, and previous to that she would have three or four a week.

I can heartily recommend Wheeler's Nerve Vitalizer, as I am confident that her cure is complete and permanent.

$1.00 per bottle by druggists or by express, prepaid, same price.

FREE OFFER: We will send free by mail a large sample and booklet on nervous diseases to all who ask for them. This sample will give a fair test of its virtue without any expense. Don't be too modest to ask; we give them cheerfully.

IN THE CITY'S CHURCHES

KOREAN MISSIONARIES WILL SPEAK HERE THURSDAY

First Presbyterian Church Supper Will Attend Their Visit.

The Presbyterians of Fort Wayne have a great treat in store for Thursday evening, when Rev. H. G. Underwood, D. D., and Dr. C. R. Avison, M. D., of Korea, will visit this city and speak at the First Presbyterian church. Rev. Underwood is one of the very first protestant missionaries of Korea and a gifted speaker. Dr. Avison is superintendent of the Severance hospital and the Seoul Medical college. They have both been in Korea for many years. A supper will be served free by the ladies of the First Presbyterian church at 6:15 o'clock Thursday evening, and one hundred and fifty invitations have been sent to those in the church interested in foreign missions.

* * *

Missionary Women's Banquet.

The Woman's Foreign Missionary society of Wayne street Methodist Episcopal church will hold a Christmas meeting at the church parlors on Thursday afternoon. The meeting will be followed by a banquet. Mrs. Frank Lenig, Mrs. Ivers Leonard, Mrs. M. V. B. Spencer and Miss Lillian Schrader will participate in the program.

* * *

Christian Church Meetings.

Rev. L. C. Howe, the New Castle evangelist at the Third Church of Christ, delivered a very stirring sermon on "The Steadfastness of Paul" at the services on Monday evening. The attendance was excellent and close interest was manifest. A goodly number have responded to the gospel message, there being additions to the church membership every evening. Thirty-nine have been received since the opening of the evangelistic meetings. This evening Rev. Howe will speak on the question "Rock or Sand?" The pastor, Rev. H. E. Stafford, will sing. The class in training for service will meet on Thursday evening and will be given ample time for their lesson before the evangelist's sermon.

Baptist Bible Class Meetings.

A division was recently made in the bible class at the First Baptist church, and as a result all young men from the age of twenty-one passed from Miss Anna Philley's class to the direct charge of the pastor, Rev. John F. Vichert, who now conducts the Men's Bible class. The members of this class held a meeting on Sunday and determined that for the present they would retain the old officers and the original constitution. A meeting was also recently held by the younger members of the bible class in charge of Miss Philley and the following officers elected: President, Abbott Carter; first vice president, Alexander Kincaid; second vice president, Harry Hardendorff; recording secretary, Elmer Waddington; corresponding secretary, Clifford Hutchinson; treasurer, Glen Stiver; librarian, Arthur Josse; historian, Wayne Harrod. The committeemen appointed were as follows: Educational, Leo Sommers; membership, Clifford Hutchinson; social, Edgar Noble; sick, Alexander Kincaid; athletic, Wayne Harrod; boys, Glen Stiver; flowers, Harry Hardendorff.

Both classes are making considerable progress and are deeply interested in their meetings and class work.

Presbyterian Sale and Supper.

The Ladies' Aid and Christian Endeavor of Bethany Presbyterian church will conduct a sale and serve a supper in the church basement on Thursday afternoon and evening. Handkerchiefs, useful and artistic needlework, canned fruit and baked goods will be sold and an excellent supper served. Active work has been done by the ladies in charge and it is expected that the affair will receive generous patronage.

BAPTIST MEN BANQUET.

Subscribe Large Amount to Liquidate Church Debt.

A thoroughly delightful event in the social life of the First Baptist church was the banquet given on Monday evening by the board of trustees to the men of the congregation. The banquet was served in the dining room of the church by the Ladies' Aid society and was largely attended. C. F. Bicknell, chairman of the board presided as toastmaster. The principal address was given by the pastor, Rev. John F. Vichert, whose theme was "Men and the Church." Others who spoke were Messrs. A. Z. Polhamus, S. B. Bechtel and S. F. Bowser. These gentlemen spoke in a general way of the affairs and conditions of the church, their speeches were optimistic in tone and considerable satisfaction was expressed in regard to the present financial conditions of the church, which have never been in better condition. The current receipts of the past year have been far in excess of all expenditures. A discussion on the matter of raising money that is due on the improvement of the church was brought up and received enthusiastic support of those present. The original debt at the time of the improvement two years ago, amounted to nearly $11,000, of which $4,900 is yet due. The interest of those attending the banquet in the financial status of the church was demonstrated by the fact that after the interesting discussion of affairs, subscriptions were taken up and $2,500 was raised. In addition to the subscription $2,000 had been raised recently from other sources. Hence, the combined sums will be sufficient to entirely liquidate the church debt and leave a balance in the treasury. The members of the board of trustees who were the hosts at the banquet were C. F. Bicknell, chairman; Dr. E. E. Morgan, secretary; H. P. Fletcher, E. D. Eggiman, A. B. Garber, S. B. Bechtel, F. C. Welch.

King's Heralds to Entertain.

The King's Heralds of Wayne Street Methodist Episcopal church will hold a bazaar and serve an oyster supper in the lecture room of the church on Friday afternoon and evening. Supper will be served from 5:30 until 7 o'clock. Mrs. Jessie Dalman is in charge of the affair, the proceeds of which will be used for the support of a missionary in India.

Local Pastors to Attend Devotion.

Beautiful and impressive services will mark the close of the forty hours devotion at St. Mary's church, Decatur, this evening. Rt. Rev. Mgr. Oechtering, V. G., of St. Mary's church, and Rev. Charles Thiele, of St. Peter's church, in this city will be among the attending clergy. Rev. Theodore Wilken, the Decatur pastor has been assisted in the conduct of the devotion by Rev. Fr. Sebastian, of Cincinnati. The devotion opened on Sunday morning and since that time some of the visiting clergy were: Rev. Michael Aichinger, of this city; Rev. Thomas Travers, of Portland; Rev. Max Benzinger, of Hesse Cassel, and Rev. Sebastian Kraemer, C. PP., who is located near Geneva.

Church Notes.

The Woman's Auxiliary of Trinity Episcopal church will meet in the parish house tomorrow afternoon at 2:30 o'clock.

Tomorrow evening at the First Baptist church a covenant meeting will be held followed by a meeting of the bible class.

Rev. H. F. Jos. Kroll, pastor of St. Paul's Catholic church, is ill and confined to his home, 416 Washington boulevard west.

The Young People's society of the English Lutheran Church of the Redeemer will have an oyster supper Friday evening at the parish house.

This evening at 7:30 o'clock, the joint council of the Third Presbyterian church will hold a meeting in the study of Rev. Frank M. Fox, D. D.

The South Wayne Mission circle of the First Baptist church will meet on Thursday afternoon with Mrs. Richard E. Doty, 122 E. DeWald street.

The class in bible study will meet on Wednesday evening at Christ's Lutheran church. The class in catechism is requested to meet at 2 o'clock Saturday afternoon.

At the mid-week devotional service at Trinity Methodist Episcopal church on Wednesday evening, Rev. W. P. Herron will speak on "The Man Who Missed the Meeting."

The Young People's Alliance Mission Study class of Bethel Evangelical church will meet on Thursday evening at 7:15 at the parsonage. On Friday evening a choir rehearsal will be held.

The Woman's Missionary society of Calvary United Brethren church will give an entertainment and pie social on Thursday evening at the home of Mrs. Ora Shaffer, 822 W. DeWald street.

The Young Ladies' Guild of St. John's Reformed church will hold a social meeting in the lecture room on Thursday evening at 8 o'clock. Miss Pauline Werkman will be in charge of the program.

The Mission Study class of the First Methodist Episcopal church will meet this evening at the home of Miss Alice Smith, 519 E. Wayne street. The meeting will be in charge of Miss Maud Wells.

The members of the Sunday school of Salem Reformed church are actively preparing for an entertainment to be given on Christmas night. The program will consist of songs and recitations supplemented by musical selections by the choir.

The Ladies' Aid society of the Third Presbyterian church will hold a business meeting and enjoy a social tea on Thursday afternoon at the home of Mrs. Elliot Shuize, 241 Woodlawn avenue. The business meeting will be held promptly at 3 o'clock.

Thoroughly novel and entertaining will be the "Money Growing Social" to be given this evening by the Ladies' Aid society of Plymouth Congregational church. The program will be given in the lecture room, where refreshments will also be served.

Division Five, of the Ladies' Aid society of the West Jefferson Street Church of Christ will meet this evening at the home of Mrs. George Barbier, 3112 Calhoun street, where a penny social will be given. A special musical program has been prepared for the occasion.

Superintendent George I. Cooper will conduct the services for "men only," to be held this evening at the Fort Wayne Rescue Home and Mission. These meetings are proving of unusual interest and are generally well attended. After the service coffee and rolls will be served the attendants.

The Ladies' Aid society of Bethel Evangelical church will meet on Thursday afternoon at 2 o'clock, at the home of Mrs. Mary Stecher, 464 E. Buchanan street. The business meeting and election of officers will be held first and later a social meeting will be enjoyed and refreshments served.

A meeting of the Young Ladies' society of the First Presbyterian church will be held on Wednesday afternoon from 2:30 until 5:30 o'clock at the home of Mrs. Edward Wilson, 1134 W. Berry street. The assisting hostesses will be Mrs. Edwin Dalman, Mrs. John Archer, Miss Lura Fee, Miss Helen Jackson, Miss Grace Smith, Miss Martha McCoy.

PROSPECTS ARE HOPEFUL.

Wabash County Will Probably Be First to Call Option Election.

Prospects for a successful conclusion of the campaign now being carried on in Wabash county by the forces of the Anti-Saloon league to obtain signatures for the petition for a county option election seem now very promising. Although no trouble is being experienced to obtain the necessary 25 per cent. of the signatures, the league officials will not ask for an election until they can obtain a good many more than that number, enough to at least assure themselves that an election would prove beneficial to their cause. Rev. N. C. Shirey is now at Wabash conducting the campaign for petition signatures.

If this campaign is successful, Wabash county will be the first in the state to have a county local option election and it is very likely that several other of the counties in the Fort Wayne district will soon follow.

BUSY WATERWAY MONTH.

P. A. Randall and Frank Taylor Invited to Several Ohio Gatherings.

Perry A. Randall and Frank Taylor, both of this city, and both of whom have been taking an exceptional interest in the pushing of the waterways project proposed for northern Indiana, have been invited to attend several big Ohio waterway meetings this month and have accepted in all instances. On the 7th of this month they will be present at a meeting in Toledo, conducted by one of the big business men's clubs and at which the Chicago to Toledo, via Fort Wayne, canal will be one of the main topics of discussion.

Mr. Randall and Mr. Taylor will also attend a meeting at Defiance, O., on the 28th of this month and it is probable that several other Fort Wayne people will also be present. Cincinnati people are behind this gathering and it is expected to be one of the biggest of its kind this year. Representatives of all communities within a radius of two hundred miles have been invited.

TO INDIANAPOLIS TOMORROW.

Case of Farrah Versus Shaheen Will Be Heard on Thursday.

The suit of Mrs. Hossen Farrah, wife of Kaleel Farrah, to have Kaleel Shaheen declared a bankrupt, will be heard before Judge Anderson at Indianapolis on Thursday and Judge Sol A. Wood, referee in bankruptcy, and Judge S. M. Hench, attorney for the defendant, will go to Indianapolis tomorrow to prepare for the case. A judgment of $1,000 was obtained against Shaheen in the superior court here about a year ago, but at that time it was declared that the latter was endeavoring to get away with what property he had and the suit to have him declared a bankrupt followed. The federal court will not meet in this city at this December term and therefore the case will be heard at the capital city.

AROUND THE WORLD AWHEEL.

European Riders Reach Los Angeles on Long Journey.

Los Angeles, Cal., Dec. 1.—Robert Hellmich, a German bicyclist, who accompanied by George Weldon, a Hungarian rider, left Paris early in July on a trip around the world, arrived in Los Angeles last night. The trip started originally as one only of pleasure, but a New York firm offered a prize of $2,500 to the man who arrived in Paris first after having ridden around the world. Attracted by the prize, an American rider, Henry Fisher, joined the foreigners at New York and entered the race.

Hellmich is hundreds of miles ahead of his nearest competitor, Fisher. Waldon, the Hungarian rider, broke down at Ogden and it will require several days for him to get a new wheel.

POE NEWS.

[Sentinel Correspondence.]

Poe, Ind., Dec. 1—Master Victor Somers, of Aboit, spent last week in this community visiting relatives and friends.

Mrs. M. F. Chapman has sold her store and residence property to Joseph Cartwright, and a large force was busy Saturday invoicing the goods. Mr. Philabaum, of Bursley & Co., Fort Wayne, and Mr. Will Wolf, a brother of Mrs. Chapman, and a traveling salesman, of South Dakota, were the principals, assisted by Miss Eva Mullen, Mrs. Lillie Wilhelm, Mr. G. A. Morton, of Ossian; L. M. Krick, the former proprietor, Mrs. Chapman, and the new proprietors, Mr. and Mrs. Joe Cartwright.

The Messrs. William Wolf, of South Dakota, and Thomas Wolf, of Walkerton, Ind., are visiting their sister, Mrs. M. F. Chapman.

The hunting season is a curse to the farming community, as the sportsmen and every other fellow that can raise a dollar and own a gun hunt down what few rabbits and birds there are in the country before the average farmer has time to think of taking a day off for hunting. It is simply an imposition and injustice to the man that protects and feeds the game.

The funeral of Mrs. Mae Roberts Sunday was attended by a large concourse of people, about 350 persons viewing the remains, Undertaker A. E. Melching having charge of the remains. Rev. J. S. Newcombe, of the M. E. church, preached a very appropriate sermon from Jeremiah 15-9: "Her sun is gone down while it was yet day," showing that in the very noonday of life her light went out. The Misses Bessie Smitley, Ethel Snider and Bertha Snider, cousins of the deceased, carried flowers. The pallbearers were also cousins, the Messrs. Harley and Lucius Somers, Chauncey, Frank and Wilson Snider and Ray Smitley. Rev. and Mrs. Seldon Roberts, of Pleasant Lake, arrived Saturday to be present at the funeral Sunday.

Mrs. H. E. Smitley, of near Roanoke, spent Monday and Tuesday visiting in the home of her sister, Mrs. J. W. Fonner.

The Four Mile creek, that empties in the St. Mary's river about a mile southeast of Poe, was for a considerable distance dry since harvest. Perhaps about two weeks ago, before the recent rains, the bed of the stream began filling with water, as if by magic, until there is a rippling current apparent.

Crull, of Concordia college, will deliver his lecture on "Dr. Martin Luther" at the English Lutheran church tonight.

The City band last evening serenaded Conrad Mahrt, one of its most popular members, who resides at the corner of Lafayette and Jefferson streets. Mr. and Mrs. Mahrt had been married just twenty-five years, and the band, in addition to tendering them a delightful serenade, presented the couple a silver butter dish.

Nothing caused Tolstoy, the boy, more annoyance about this time than the knowledge that he was very plain-featured. To be revenged on nature he determined to make himself still uglier, and with this end in view cut off his eyebrows.—The Strand.

Will Hold Art Exhibit.

The ladies of the Saturday club are planning to have a free exhibition of pictures by Indiana landscape painters in the public library building next week. The club will be assisted in the plan by the art department of the Woman's league. Mrs. A. J. Detzer, who has been in correspondence with artists of note in the state, has found them all willing to assist by sending canvases to be shown. The exhibit will be interesting as it is several years since any pictures by Indiana artists have been shown to any extent in this city. A committee of ladies who are perfecting arrangements and will see to the details of the exhibit are Mesdames George Evans, A. J. Detzer, M. F. Porter, M. B. Fisher, A. H. Perfect, M. S. Mahurin, G. M. Naylor, C. M. Dawson, Will Crighton, W. E. Davis, Mrs. O. N. Guldlin, Miss Alice Hall, Miss Jessie Hamilton, Miss Katherine Hamilton, and Miss Colerick. A number of artists will have examples of their work here, among them, Adams, Forsythe, Steele and Stark. Mr. Bundy can not send anything this time as his pictures are away at another exhibition. One wall of the room will be devoted to Fort Wayne artists.

PERFECTION BISCUIT CO.

One Piece Nightgown Made in One Hour

By Mrs. Jane Ford.

7 SIZES 32 TO 44 BUST

Illustrative of the newest idea in a nightgown is the design shown. It is in one piece, with tucks at the shoulders, which give it a prety fulness and an easy fit over the bust, making it particularly desirable for stout women.

The pattern is cut in seven sizes, from thirty-two to forty-four inches bust measure. To copy it for the average woman requires six and three-quarters yards of material twenty-seven inches wide, four and one-half yards thirty-six inches wide, or three and one-half yards forty inches in width.

As the body and sleeves of this garment are in one, it will not cut from goods twenty-seven or thirty-six inches wide without piecing; therefore, when one is buying new fabric it is advisable to get that which is forty or more inches in width.

If narrow goods one already has, the joining across the sleeves can be made ornamental by strips of insertion, and an edging that matches it in pattern will make a pretty finish for the neck and edge of the sleeves.

The making of this gown is very simple, after it is once cut, which work requires not more than five minutes. Before the pattern is removed the perforations indicating the line of tucks must be marked with lead pencil, then the tucks basted in position and stitched. The under arm seams should be sewed and finished with a French fell.

The nightgown is then complete, with the exception of a hem at the bottom, edging on the sleeves and a strip of beading at the yoke through which an adjusting ribbon may be run.

This simple garment may be much more elaborately treated, as is shown by the illustration. The edges can be embroidered in scallops and eyelets worked for the ribbon. A floral spray embroidered on the front will add still more to its appearance. Such a garment hand sewed would make a most acceptable Christmas gift.

IN THE THEATERS

One of the best musical comedies seen in this city in many a day is "School Days," which opened a two days' engagement at the Majestic last night It is so different from anything else that were the company less good it would be entertaining. The company, however, is large and first-class. It is not just one or two that are good, but all are high salaried and capable entertainers. The music is catchy and songs are frequent. As a laugh producer the play is great. The dancing of the company is superior, the lines are funny and there is a newness about the performance that stamps it good at once. The musical work of Herman Timberg, good as it is, hardly excels his comedy.

* * *

John Griffith, supported by Miss Edyth Toten and a strong company of players, in the tragic romance of "Faust," comes to the Majestic Wednesday afternoon and evening. Mr. Griffith's impersonation of Mephisto is generally conceded to be one of his great achievements. He has starred in "Faust," also in a series of Shakespeare's plays, for a number of years.

"The Devil" at the Lyric.

William Jossey, leading man for the Lyric Stock company, made a great hit with a critical audience that witnessed the first production of Franc Molnar's play, "The Devil," at the Lyric theater last night. Mr. Jossey made the role of the devil intelleectual and fascinating. Miss Von Luke imbued Olga with a timidity questionably a characteristic of the role. Miss Hammond made an excellent impression as Mimi the model and other parts were well cared for by Pete Ramond, Harvey Joyner, George Berrey, Richardson Cotton and Leah LaForce. The play will draw large audiences for its dramatic merit and the excellent presentation the company is giving it.

ARGUING THAW CASE.

Philadelphia, Dec. 1.—The question of whether Harry K. Thaw, the slayer of Stanford White, shall be taken from Matteawan asylum in New York state to Pittsburg to testify in bankruptcy proceedings was on the list for argument today in the United States circuit court of appeals in this city. Thaw went into bankruptcy more than two months ago and ever since there has been a bitter contest waged between him and his creditors.

LEMONADE

In making lemonade allow three lemons to each quart of water. Scrub the lemons first to make sure they are perfectly clean, cut in two in the center and from either half cut a thin slice of lemon and lay aside. Squeeze the juice from the rest of the lemon, then peel off several strips of the thin yellow rind and put in a small basin on the back of the range with a cup of water added and let simmer to extract some of the rich flavor of the rind. Mix sugar to taste with the juice and then pour on the requisite amount of boiling water besides the water in which the peel has been steeped. Stand away until cold and mellow, then serve with a slice of lemon in the glass and a little chipped ice if desired.

SLAYS HER CHILD AND KILLS SELF WITH ACID

Chicago Woman Author of a Double Tragedy in Memphis Hotel.

Memphis, Tenn., Dec. 1.—One of the occupants, a woman, dead, and the other, a child, in a dying condition, the distorted features and blackened mouths of both, where the poison had touched, bearing mute evidence of the means, was the sight which greeted attaches who, attracted by the cries of the child, burst into an apartment of a local hotel early today.

The woman was lying on the floor, disrobed, while the child, a girl of 7 years, was on a bed and near by was the empty phial from which the mother had evidently after administering the drug, carbolic acid, to the child, swallowed the remainder. The child was removed to a hospital where it died several hours later.

The woman, apparently about 35 years of age, registered at the hotel late last night as "Mrs. Schmitt, Hot Springs, Ark."

She was neatly dressed and after depositing jewels valued at $500 with the clerk the two retired to the apartments assigned them. Her baggage consisted of several small satchels and nothing unusual was noted in her actions. Other than a request that some ointment be sent her with which to dress a bruised finger, the hotel employes heard nothing from the room until the watchman on one of his rounds this morning heard the feeble cries of the child, which led to the gruesome discovery.

Among the effects of the woman was found an insurance policy made out in the name of Teresa Errington and payable to Nicholas Errington, Toronto, Can.; a piece of aper with the name M. P. Erringlon and the address 242 Schiller street, Chicago, and $620 in money.

The bodies are being held pending the location of relatives. Nothing was found to indicate the motive which prompted the act.

TRAGEDY PUZZLES HUSBAND.

Chicago, Dec. 1.—Nicholas P. Errington, 242 Schiller street, this city, when informed of the Memphis occurrence, said that the woman must have been his wife, Theresa Lereg Errington.

"There must be some mistake," said he. "My wife would not commit suicide. She had no possible reason for such a thing. Our married life has been happy. With the little girl Theresa she was going to Hot Springs, where I was to have joined them. We go nearly every winter. She was insured, I don't know the amount of the policy, either in my favor or in the name of our little girl. I did not know that she had the policy with her, nor how much money she had when she started on the trip last Saturday."

Mr. Errington declared that he would go to Memphis today.

NEW TRANSFER SYSTEM GIVES VERY LITTLE TROUBLE

Patrons Take Time to Become Accustomed to the Changes.

Other than the confusion that always ensues when changes are made in the way of handling public utilities the conductors on the street car lines have not been greatly annoyed today by the new transfer system which was inaugurated early this morning.

The men all say there have been kicks and plenty of them as the patrons are inclined to the belief that some sort of a right has been taken from them when they are not permitted to ask for and receive transfers when they pay their fares instead of waiting to get them until they reach the junction point for which they are intended.

There has been an appreciable reduction in the number of transfers issued from the Bloomingdale and Lakeside lines to cars south from the transfer corner. This is where the abuse occurred as these have been traded or given away by persons who deesired to go no further.

The change has been a topic of conversation on all the lines during the day and some annoyance has been occasioned by the chronic grumblers, but the conductors say that as a general rule the people accept the new order of things with good grace and let it go at that.

CROWD AT WHITECAP CASE.

Trial in Rushville Homecoming for Posey Township.

Rushville, Ind., Dec. 1.—Prosecutor Charles Hack completed his opening statement in the whitecapping cases this morning and the state at once began introducing evidence.

The court room was crowded again today Many farmers and their families from Posey township, the scene of the whitecapping, were here, and the trial has been called a "Posey township homecoming."

Almost all of the first day was taken up in making up a jury, which is composed wholly of farmers.

Life of a Pimple

Complexions Are Cleared and Pimples Disappear Overnight Without Trouble.

The dispensers of poslam, a new skin discovery, ask that notice be given that no one is urged to purchase it without first obtaining an experimental package. Those who have tried it will find that the fifty-cent box on sale at Meyer Brothers' and all drug stores, is sufficient to cure the worst cases of eczema, where the surface affected is not too large. The itching ceases on first application. It will also cure acne, tetter, blotches, scaly scalp, hives, barber's and every other form of itch, including itching feet. Being flesh-colored and containing no grease, the presence of poslam on exposed surfaces, such as the face and hands, is not perceptible. Water and soap cannot be used in connection with it, as these irritate and prolong skin troubles, sometimes even causing them.

As to the experimental package of poslam, it can be had free of charge by mail of the Emergency Laboratories, 32 West Twenty-fifth Street, New York. It alone is sufficient to clear the complexion overnight, and to rid the face of pimples in twenty-four hours.

WORLD'S SERIES TO GO AT POPULAR PRICES

National Commission Will Order Cut to Avoid Scandals.

Chicago, Dec. 1.—With the decision on the world series ticket scandal in New York next week will come the announcement that the prices of admission for the next world's championship games will be cut in two and that the national commission will take charge of all the tickets. It is even likely that there will be a return to the regular prices, which would make it $1, 75, 50 and 25 cents instead of $3, $2.50, $2 and $1. This will come in the nature of reward to the fans for the annoyances in past series between the major league leaders.

"It is a certainty that the commission will decide to cut the admission prices in half next year wherever the games are played," said President Johnson of the American league. "The owners and those having the game at heart want to do the right thing by the fans who so nobly support the sport, and I believe that a return to regular prices or very close to them, is nothing more than right.

"In the past it has been the lack of room which has militated against a small scale of prices, but this has practically been obviated now with enlarged seating capacities at practically every ball park in the country. In our own league St. Louis, Detroit and Philadelphia especially will in the future be able to take care of enormous throngs, and here in Chicago Comiskey will in the near future be able to entertain practically everybody who wants to see the game. With his new ball park there will be no trouble about getting accommodations for the fans.

"The National league clubs in many cities are adding to their seating capacity, so there should be plenty of room next year when the championship season rolls around.

"There is no doubt but that the commission will take charge of the tickets for the world's series games. This has become a necessity. When it is possible for scalpers to get unlimited blocks of tickets it is time to call a halt. It has been brought out in the investigation of the ticket scalping here last fall that regular patrons of the game were unable to get their checks honored at the club office, but could easily get as many seats in blocks as they wished from the scalpers, provided they paid the price. This is not fair to the fan in any way you look at it, but I think there will be no cause for complaint in the future. Of course, there will be certain annoyances which no one could dodge. A club is unable to please everybody all the season, but all the fans ask is a square deal, and this they are entitled to."

POWERS SUMMONS THE REBELS.

Calls Meeting of Eastern League and American Association.

New York, Dec. 1.—President P. T. Powers of the Eastern league has issued a call for a meeting in this city December 6 of the owners of the clubs of that league and of the American association, to ratify and carry out recommendations presented by the committee appointed at Buffalo a fortnight ago, relative to the appeal to the national commission for higher classification.

These two organizations, which bolted the National association at is meeting in Chicago, claim they do not wish independence, but took the action they did for the purpose of securing privileges they consider essential.

President Harry Pulliam of the National league, who returned today from an extended vacation in the west, when questioned as to the probable action of the national commission in the matter, declined to make any statement, saying he had been too long out of touch with baseball affairs. The national commission will meet here next week.

ASKS AN INJUCTION AGAINST BALL PARK

Pittsburg, Dec. 1.—Specifying no reason for his action, Alex P. Moore has filed a petition in court asking for an injunction to restrain the Pittsburg Baseball club from closing up the deal for the new $300,000 baseball park in Oakland, work on which has already begun. Moore holds twenty-five shares of the club's stock. The court refused the injunction, placing the case on the regular equity calendar.

SMITH TO CONTROL HOTTENTOTS.

Terre Haute, Ind., Dec. 1.—Louis D. Smith has announced that he has purchased all the stock in the Terre Haute Central League baseball club. He said the park would be improved and the team strengthened for next season. Mr. Smith has been president of the club.

MRS. M'RANEY'S EXPERIENCE.

Mrs. M. McRaney, Prentiss, Miss., writes: "I was confined to my bed for three months with kidney and bladder trouble, and was treated by two physicians but failed to get relief. No human tongue can tell how I suffered, and I had given up hope of ever getting well until I began taking Foley's Kidney Remedy. After taking two bottles I felt like a new person, and feel it my duty to tell suffering women what Foley's Kidney Remedy did for me." Dreier & Bro.

According to a decision of the inspector general of the army, neither officers nor enlisted men will wear gloves hereafter when equipped for field service. Enlisted men will also dispense with the use of white collars when doing field duty. Officers will be allowed to wear a white collar with the service uniform when in garrison. The decision also forbids the use of white gloves, which were once looked upon as indispensable on some occasions by officers as well as enlisted men in the field.

A PERSONAL APPEAL.

FRANK CHANCE WILL MANAGE CUBS IN SPRING

President Murphy Gets Tip from a Mutual Friend.

Chicago, Dec. 1.—President Murphy of the Cubs is satisfied, his quarrel with Manager Chance is patched up, and that the Peerless leader of the world's champions will be back here to pilot the west siders on their training tour to the south in the spring.

The boss of the champion outfit said he had heard from the manager through a mutual friend and that Frank wrote of his plans for 1909 just as if nothing had happened. According to the letter received by the mutual friend, the field general of the champs is not at all angry at President Murphy over the ticket scalping matter and already is making plans for the future of his great ball club.

President Murphy was delighted to receive this indirect solace. He said he would know how to act and what to say now at the National league meeting which is to take place in New York in December. He is certain he is on the most friendly terms possible with Chance, and that there is no question but that the P. L. will be on hand when the gong rings.

President Comiskey of the Sox and President of the American league entertained a party of friends at a game dinner out on the south side yesterday afternoon. The viands consisted of the victims of last week's chase in the wilds of Minnesota and Canada.

John Beall, the youngster secured by Comiskey from the Logan Square club, was in the city yesterday to see the old Roman. He expects to leave for Pittsburg tonight, and will not return until time for starting on the training trip to the coast.

CATARRH CANNOT BE CURED with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh. Send for testimonials free.

At the recent meeting of the American Street and Interurban Engineering association of Atlantic City, a new system of street railway construction was proposed. The idea was to form the car wheels without flanges, but, instead, to place the flanges on the rails. The new construction was ably presented and many good arguments were brought forward to show the superiority of such a system over the present one.

MADAME STEINHEIL IS PLACED IN SWEATBOX

At Same Time Paris Magistrate Who Loved Her is Under Probe.

Paris, Dec. 1.—Madame Steinheil, suspected of the murder of her husband last May, was examined at length this morning by Magistrate Andre at the palace of justice. The interrogation will continue for two days and the magistrate will decide from the evidence whether the "reconstruction" of the crime in the presence of Mme. Steinheil will be necessary.

In order to avoid any manifestation, the woman was removed in a closed van at daylight from the St. Lazare prison to the palace of justice.

Mme. Steinheil was subjected to a gruelling cross-examination during the morning session, but the greatest secrecy regarding what transpired is being observed.

The ministry of justice is conducting a parallel investigation into handling of the case, up to several days ago, by Magistrate Leydett when Premier Clemenceau insisted upon knowing what M. Leydett's relations with Mme. Steinheil had been, the magistrate said to him:

"I loved Mme. Steinheil profoundly, but not unlawfully."

STATESMAN'S BUSY HOODOO.

Hard Luck Pursues Senator; Three Bad Falls in Three Days.

Washington, Dec. 1.—Senator Nathan Bay Scott, of West Virginia, who has taken up his residence in Washington for the winter, is suffering from an injured wrist and enough bumps and bruises to cause whole heaps of misery.

The story involves three successive days of hard luck and as many nasty falls. On the first day Senator Scott stepped from a street car and was sent tumbling into the dust. A sprained wrist and bruises resulted. The next day he was walking past the treasury building and fell over a sidewalk obstruction and gave his wrist a severe wrench.

Yesterday, swathed in bandages, he sat in a swivel chair in his office dictating to his stenographer. The chair was of the screw variety, and when the staff reached its last thread the senator was precipitated violently to the floor.

MASSACHUSETTS TOWNS VOTE.

Boston, Mass., Dec. 1.—Municipal elections were held in Fitchburg, Marlboro, New Bedford, Northampton, Pittsfield, Waltham and Quincy today.

The general feature of the election was the concerted campaign which prohibition workers had conducted in the cities of New Bedford, Northampton, Fitchburg and Marlboro, each of which is at present under a license regime.

AGAINST UNION LABEL.

Ohio Supreme Court Rules In Case of Contract.

Columbus, O., Dec. 1.—A decision in which a union label question was involved was decided by the supreme court today and the label got the worst of the decision. The case was styled George F. Gunn, plaintiff in error, versus the Cleveland Store Fixture company, defendant in error.

Charles C. Meyer and Louis Wenzel started a saloon in Cleveland and bought the fixtures from the Cleveland Store Fixture company. George F. Gunn, president of the Gunn Brewing company, became surety for them on condition that the fixtures should bear the union label, this being an extra agreement and not a part of the contract.

When the fixtures were delivered the mirrors were the only part of them bearing the labl. Gunn refused to pay the bill. The fixture company then agreed to saw out a part of the bar and have a new part put in by union labor which should bear the label. Gunn would not agree to this and suit was entered. Gunn lost in the lower courts and the supreme court affirms the decision.

NEAR BEER'S NEAR VICTORY.

Atlanta Case Thrown Out of Court on a Technicality.

Atlanta, Ga., Dec. 1.—The question of the legality of Atlanta's near beer saloons was thrown out of court on a technicality today when W. L. Bridwell, a near beer dealer, was discharged from custody in the superior court. Some time ago Bridwell was arrested in a test case to determine whether the selling of near beer, which under the law is to contain not over 2 per cent of alcohol, violates the state prohibition laws.

The criminal court decided that such sale was a violation of these laws and a verdict was returned against Bridwell. On the appeal the superior court today decided that this verdict was illegal because it had not been read in open court.

SATTERLEE ACCEPTS PLACE.

Washington, Dec. 1.—Herbert L. Satterlee, of New York, who yesterday was offered the position of assistant secretary of the navy to succeed Mr. Newberry, who has been elevated to be head of the department, today wired the president his acceptance of the appointment.

LAW A BOON TO LAZY FATHERS.

In Ohio Wife Cannot Testify Against Husband Who Neglects.

Columbus, O., Dec. 1.—An important decision was handed down by the supreme court today which will materially weaken the law against the abandonment of and failure to provide for minor children and which will undoubtedly cause a hubbub among Children's Home societies, Humane societies, etc., and result in a demand for some remedial legislation.

The case, styled the State of Ohio versus Arthur Orth, was brought up by the prosecutor of Hancock county on exceptions, which exception the supreme court overruled. Orth was tried on a charge of failure to provide and his attorneys held that he could not be convicted on testimony of his wife. The court holds likewise, on the old ruling of the use of the testimony of a wife or husband against the partner in marriage ceremony in a criminal case. The case is to be reported.

NO WATER IN BLOOMINGTON.

Pumping Plant in University Town Must Shut Down.

Bloomington, Ind., Dec. 1.—In the midst of rains, Bloomington is likely to become dry as far as the supply from the waterworks is concerned. When it began to rain a week ago it was thought the problem had been solved, but now Superintendent Helfrich declares the ponds are not filling and that the plant will likely have to close down tonight.

Leaks in the two water reservoirs are said to be responsible for the ponds not filling up any faster. These are being repaired and every effort made to retain the water that runs in from springs.

BARS MUCH PIPE DOPE.

San Francisco, Dec. 1.—The collector of the port has received orders from Washington to prohibit in future the importation of opium containing less than nine per cent morphine, or any opium that might be used for smoking. The instructions came from Dr. H. W. Wiley, chief of the food and drug chemists of the department of agriculture.

PRIVATE SECRETARY HERE.

Mark Thistlethwaite, of Indianapolis, recently appointed private secretary to Governor-elect Marshall, was in the city today visiting with friends and attending to business affairs.

DR. HARDMAN, SPECIALIST

Cures Pelvic, Nervous and Chronic Diseases and Guarantees Satisfactory Results in All Cases He Accepts for Treatment

FREE EXAMINATION—In order to prove the superiority of my methods and the rapidity of the cures I make, I will not only give to everyone who calls at my office before DECEMBER 1ST a careful and a thorough examination FREE OF CHARGE, but to further demonstrate to the public my ability to successfully treat these CHRONIC AND DEEP SEATED conditions I will make a GREATLY REDUCED FEE in all cases that I accept for treatment between now and DECEMBER 1ST. THIS IS AN OPPORTUNITY YOU CANNOT AFFORD TO NEGLECT.

"WELL BEGUN IS HALF DONE."—This is a true saying and its philosophy cannot be better demonstrated than in the treatment and cure of disease. I have made it a point never to treat any case until I had made a careful and thorough examination and definitely located the cause of the trouble. This takes time, care and a complete and scientific knowledge of the parts affected both in health and in disease. The human body is a most complicated piece of mechanism. In fact so complicated that it is impossible for any one person to thoroughly understand its normal or healthy condition. How much more impossible then would it be to understand all the diseased conditions that may arise?

Knowing as I do the absolute futility of attempting to successfully treat every disease I have limited my study to PELVIC, CHRONIC AND NERVOUS DISEASES, and my many years of experience in their treatment have enabled me to perfect methods which will positively and permanently restore to perfect health all these conditions in which the ordinary methods have failed.

VARICOCELE, STRICTURE, RUPTURE, PILES, FISTULA, ETC., cured without knife and without detention from business.

BLOOD POISON—I use only the most advanced methods in the treatment of Blood Poison and kindred diseases.

ECZEMA and other skin diseases quickly cured.

PROSTATIC ENLARGEMENT results from inflammation. I reduce the enlargement and have been able to cure about 90 per cent of all cases.

THE SHOP AND RAILROAD NEWS

DIFFERENCES BETWEEN PENNSY AND THE ENGINEERS

Trouble Entirely Matter of Discipline, Says Officials.

Pittsburg, Dec. 1.—While it is not believed the trouble between the Brotherhood of Locomotive Engineers and the Pennsylvania railroad will result in a strike on the lines west of Pittsburg, it is apparent that the relations are seriously strained. General Manager W. W. Atterbury, of the Pennsylvania railroad, arrived here today from the east, accompanied by General Superintendent R. E. McCarty, of the Pan Handle division. Aside from stating he was here to look after some railroad business General Manager Atterbury refused to talk. The men assert that their general board has not been given proper recognition in efforts to settle grievances, while the company maintains that the difference is entirely over a matter of discipline.

Several days ago a strike vote was taken, but before the result of the vote was announced it was decided to submit the case to the board of mediation, which will hold a number of conferences during this week in Washington.

BRAKEMAN SMITH KILLED.

Struck by Mail Train and Body Torn Into Atoms.

Alfred Smith, a Pennsylvania brakeman, was struck and instantly killed by the engine hauling westbound mail train No. 19 as it passed through Hobart Monday night. There were no witnesses to the accident, but Smith was missed by his fellow trainmen immediately after the mail train passed and it was surmised that he had been struck. A telegram was forwarded to Tolleston, where the train was stopped and an investigation made. Pieces of clothing, bones and flesh were found entangled in the trucks of the engine and cars and a short time afterwards a trip over the line covered by the train after it left Hobart, under the supervision of Patrolman Clark, assisted by the section men, resulted in finding Smith's cap and other evidences of identification. The pieces of flesh and bone were gathered up as well as possible and turned over to Undertaker Jones, of Gary, who will ship them to the former home of the deceased today. Tolleston is a mile west of Gary and seven miles west of Hobart, the scene of the accident.

Alfred Smith was the son of Peter Smith, of Defiance, O., and was twenty-three years old. He came here last winter about the holidays to take a position as brakeman on the Pennsylvania, but was furloughed in April, when the freight traffic began to fall off. Then he returned to his father's home in Defiance and remained there until last week, when he was notified that his services were again desired. He arrived here on Thanksgiving day, engaged a room of Mrs. J. O'Connor, at 230 Baker street, and left the same day on his first trip out. He was a member of Conductor George Fink's crew and he left Chicago at 5 o'clock Monday evening on what is called the "pick up" train, because it stops and does switching at all stations where there is work of that kind. His train had stopped at Hobart to do some switching and was on a siding at that place when the young man met his death. As stated none of the crew witnessed the accident. Neither did Engineer M. J. Maroney nor Fireman Thomas R. Hunt, who were in the cab of the mail train, see the man or know that their engine had run him down until told of it at Tolleston.

Smith was not a member of any of the railway brotherhoods, not having worked long enough to make him eligible for membership. He was of a quiet, unassuming disposition, not inclined to make acquaintances rapidly, though he was not in any ways devoid of sociability. Those who were acquainted with him admired him for his honesty, sobriety and other excellent traits and news of his fate will be received with sorrow by all. C. J. Smith, a brother of the deceased, resides in Gary and has taken charge of the remains.

BADLY SCALDED.

Henry Lagemann Enveloped in Steam in Engine Cab.

While in the cab of an engine at the Pennsylvania round house at 8 o'clock last night, Henry Lagemann was suddenly enveloped in a cloud of hot water and steam and severely scalded. He was performing the duties of engine inspector and was testing the attachments of the locomotive, which had a few minutes before came in off the road, when one of the flues gave way and poured the contents of the boiler into the cab upon him. He managed to get out of the cab unassisted and summoned comrades, who called the ambulance and sent him to St. Joseph hospital, where he received surgical attention. The burns were most severe on the legs from the feet up to the hips, though there are some badly scalded places on one of the arms and hands. The injuries are not considered very serious, though the unfortunate man will be a severe sufferer for a week or two. Mr. Lagemann is about sixty years old and resides at 457 St. Martin street. He has been employed at the Pennsylvania shops and round house a quarter of a century or more and much of that time has been an engine inspector.

HARRIMAN IS SUPREME.

Report That He Will Be Chairman of N. Y. C. Board.

The dispatches from New York indicate that E. H. Harriman is to become chairman of the New York Central board and some of the reports went so far as to say he would be in charge by February 1. This would place him in charge of two-thirds of the railways of the United States. In this connection a dispatch from New York adds: "The new position to be occupied by Harriman as czar of American railroads is said to be tendered by unanimous consent of all the railroads in the country, and it means absolute peace and harmony. There is not a single conflicting interest in existence. The Rock Island crowd has been thoroughly subdued. Gould has been let into the magic circle, and the Gould stocks are to share in the good time coming.

"Harriman is to dictate absolutely how every ton of freight shall be routed, and he has made the condition that Erie shall get enough to live on. Erie has been the Cinderella of the railroad world for years, but now that the prince has found her there is going to be a glorious wedding.

"The final blow struck by Harriman in his war for Erie was dealt when he got an option on the International Traction company of Buffalo. This is a most profitable feeder of the New York Central. In addition to that he has virtual control of Wabash as his reward for helping Gould out of the Pittsburg tangle. New York Central is checkmated as a result of Harriman's maneuvers, and as the road once built up its own fortune by robbing Erie, Harriman is now going to force it to share with Erie in the rich traffic which he will throw to both of them from his many railroads of the far west."

INSPECTING G. R. & I. ROAD.

President Wood and Party Out on Special Train.

Joseph Wood, first vice president of the Pennsylvania and president of the G. R. & I., is today making the semi-annual inspection of the latter's property and in that way spent a half-hour in the city this morning. His special train, consisting of two private cars and a coach, left Richmond at 7 o'clock this morning and will reach Mackinaw some time tonight. With President Wood are General Manager J. H. P. Hughart, Motive Power Superintendent J. E. Keegan, Auditor R. R. Metheny, Division Superintendent B. H. Hudson, Trainmaster R. T. Casey, Engineer of Maintenance of Way C. L. Barnaby, Master Carpenter H. M. Large, Road Foreman of Engines A. L. Lopshire and Supervisors T. Stewart and D. R. Wright. The train was in charge of Conductor W. H. Groute, with Engineer William Rehling and Fireman L. M. Blakesley in the cab.

OLD FOREMAN RESIGNS.

A. W. Cour Leaves the Wabash and Goes to Big Four.

A change effecting one of the old employes of the Wabash took place this morning, when A. W. Cour resigned as general car foreman at Tilton and took a better position with the Big Four, with headquarters at Lyon, a short distance from Danville. Mr. Cour has been succeeded by Otto Bender, for some time a foreman of one of the departments at Toledo. Mr. Cour has worked for the Wabash nearly a quarter of a century and was considered a valuable man in the car department. For fourteen years he had charge of the car department at Tilton and previous to his service there he was employed at Toledo some years.

FAREWELL TO MR. NORTHCOTT.

W. N. Northcott, of Peru, who will lecture at the Railroad Y. M. C. A. this evening, was honored Sunday evening by the Peru Y. M. C. A. and the several church congregations of that city. Mr. Northcott has resigned the secretaryship of the Peru Y. M. C. A. to accept a similar charge at Scranton, Pa., and the Peru churches and the Y. M. C. A. united in a farewell demonstration that evening. Among the speakers were Dr. H. P. Klyver, Chief Clerk J. M. Hughes, of the Wabash; Postmaster H. P. Loveland, Judge J. T. Cox and Mr. Northcott. Mr. Northcott will lecture this evening on the subject of "California, the Wonderland," and will use some interesting stereopticon views to illustrate his remarks.

NEW NAMES ON PAY ROLL.

The Pennsylvania company added a number of names to its pay rolls yesterday. Hugh Thompson, a blacksmith recently from Florida, Ohio, took a position in the 'smith shop; Fred Oppenlander, John A. Schultz and Daniel B. Tressler, blacksmiths, and Basil C. Williams, a repairman, took positions in the signal department. Schultz formerly worked for the Economy Buggy company and Tressler was formerly employed by the Wabash. Oppenlander came from Bucyrus and Williams from Plymouth. Foreman Chris Kees, of the Pennsylvania freight house, also added five men—all truckmen—to his list of workmen.

W. R. HILLARY HERE.

W. R. Hillary, engineer of maintenance of way of the Erie and Ashtabula division of the Pennsylvania, with headquarters at New Castle, is in the city for the double purpose of consulting the railway officials about matters of business and a visit with Dr. and Mrs. H. V. Sweringen. Mr. Hillary resided in Fort Wayne several years. The Pittsburg Post says that the terminal headquarters of both the Pennsylvania and the Baltimore and Ohio are to be removed from New Castle to Youngstown, Ohio, where the facilities are greater than at New Castle. If this change is made of course it will affect Mr. Hillary.

HAD THUMB INJURED.

Joseph Kromm, employed at the Pennsylvania blacksmith shop, got his left thumb painfully pinched yesterday. He was operating the big shears in the shop and got the thumb caught between the pieces of iron he was cutting. He will be unable to work for awhile. C. Charleswood, of the same shop, is also off duty on account of an injury to his face, received this morning. He will probably be able to resume work tomorrow.

INDUSTRIAL NOTES.

J. W. Draker, a switchman, has taken employment at the Nickel Plate yards.

E. Chase and J. Haudenschild, Pennsylvania shopmen, are sick and off duty.

William Moran took employment in the boiler department of the Bowser works yesterday.

Master Mechanic G. W. Smith went to Montpelier, Ohio, this morning on business for the Wabash.

Superintendent Jones, of the General Electric Lamp works, has returned from a business trip to the east.

E. A. Benson, mechanical superintendent of the Pullman company, was in the city today on business for the company.

J. P. Brennan, a Pennsylvania pipefitter, sustained injuries through a fall yesterday and will be unable to work for a few days.

The Pioneer Coal company is putting in more bins and new scales on the spur track running from the Wabash tracks into the coal yards.

I. Greenbaugh, of the Michigan Central, and T. M. Smith, of the Chicago & Great Northern, traveling freight agents, were in the city yesterday.

Last Saturday A. Hansen, a machinists' helper at the Wabash shops, had a foot painfully bruised by a heavy piece of metal falling upon it. No bones were broken.

Machinist D. J. Lynch and Machinists' Helper Frank Thornburg took positions in the erecting department of the Wabash shops this morning, with Foreman J. J. Houlihan.

Pearl Biegler and L. Michel, machinists at the Pennsylvania shops, have exchanged positions, Mr. Biegler going to the erecting shop and Mr. Michel going into the machine shop.

William Strawbridge, a clerk at the Bass works, entertained William Meyers, of Bucyrus, Ohio, over Sunday. The visitor had been in Fon du Lac and stopped off here on his way home.

A. Hibbler is again an employe of the Bass company, after a lapse of several years since he worked there before. He has taken a position with Foreman Frank Benoy, in the boiler shop.

A. F. Toenges, for some time assistant toolroom keeper at the Pennsylvania machine shop, has been transferred to the erecting shop, where he will have charge of the recently installed toolroom.

William Kroner, a Lake Shore yard conductor, who has been ailing for a week, though he remained at work, has taken a lay off for treatment and recuperation. A conductor from Hillsdale has taken his place.

Beginning today incoming train No. 414 on the Lake Shore road will arrive here at 8:50 in the evenings, instead of 9:35, as heretofore. No other changes on the Lake Shore or the L. E. & W. have taken place.

J. R. Matlack and L. R. Brown, of the Bowser offices, will leave this week for other fields of labor. Mr. Matlack will go to Chicago and Mr. Brown to Philadelphia and each will remain in the employ of the Bowser company.

C. E. Kruckeberg, who had a shoulder injured a month ago, reported for duty at the Bowser works yesterday. Henry Eix and Herman Lahmeyer, boilermakers at the same shops, are sick and off duty. John Fey and August Lucky, also boilermakers, were off yesterday to attend a funeral.

There were two sections of eastbound Nickel Plate train No. 4 last night on account of the heavy travel of people from Minneapolis and thereabouts to the east. The travelers are people of foreign birth who are going to their native country for a visit, and laborers who were employed in the lumber camps during the summer.

Judge E. D. Saunders, of the federal court at New Orleans, has ruled that the Louisiana state laws prohibiting the transfer of a case from the state to the federal court are unconstitutional and have no application in so far as applied to corporations formed under federal statutes. The case was that of the Texas Pacific, which was sued by Louisiana on a number of claims and appealed to the federal courts, alleging that it was a federal corporation and not amenable to state laws. The decision created considerable consternation in certain circles, as it will upset the laws of all of the southern states on that question if the decision is confirmed.

Attorney Clyde M. Gandy delivered a lecture last night to one of the clubs at the Wayne Knitting mills on the Philippines.

Glow of Health Speaks for Postum.

It requires no scientific training to discover whether coffee disagrees or not.

Simply stop it for a time and use Postum in place of it, then note the beneficial effects. The truth will appear.

"Six years ago I was in a very bad condition," writes a Tenn. lady. "I suffered from indigestion, nervousness and insomnia.

"I was then an inveterate coffee drinker, but it was long before I could be persuaded that it was coffee that hurt me. Finally I decided to leave it off a few days and find out the truth.

"The first morning I left off coffee I had a raging headache, so I decided I must have something to take the place of coffee." (The headache was caused by the reaction of the coffee-drug—caffeine.)

"Having heard of Postum through a friend who used it, I bought a package and tried it. I did not like it at first but after I learned how to make it right, according to directions on package, I would not change back to coffee for anything.

"When I began to use Postum I weighed only 117 pounds. Now I weigh 170 and as I have not taken any tonic in that time I can only attribute my recovery of good health to the use of Postum in place of coffee.

"My husband says I am a living advertisement for Postum. I am glad to be the means of inducing my many friends to use Postum, too."

THE 'CURSE' OF DRINK

Most men drink because they say it doesn't hurt them and makes them feel better. Here is what the leading medical dictionary says of alcohol:

"Internally it is a powerful, mental excitant, in large doses, a depressing narcotic POISON."

With this truth before you do you wonder that when a man's system becomes accustomed to this poison, that your arguments and pleadings fail to stop him from drinking.

He can no more stop without medical aid, than can the opium, morphine or cocaine user.

White Ribbon Remedy will remove the alcohol from his system and cause him to even hate the smell of liquor.

You don't have to get his consent to take White Ribbon Remedy as it is a perfectly harmless powder, that has neither taste, odor o. color. You can give it to him in any food or drink, even in plain water.

So confident are we that White Ribbon Remedy will destroy all desire for liquor in any person, that we agree to return your money if it fails to do so.

ROOSEVELT LETTER ON RELIGION IS DENOUNCED

Baptists Repudiate Idea That the Church Has No Place in Politics.

Philadelphia, Pa., Dec. 1.—The recent letter of President Roosevelt, which declared it was bigotry for any citizen to refuse to vote for a candidate for a political office simply because he was a Catholic and that the presidency was open to any citizen, irrespective of religion, came in for sharp censure yesterday afternoon at the conference of Baptist ministers. They adopted resolutions condemning it.

Rev. Charles F. Hahn, of Chaddsford, and the Rev. Theodore Heysham, of Norristown, took exception to clauses of the resolution because they said they attacked the president and their fellow citizens.

"This resolution impugns the moral character of every Catholic citizen of the country," said Rev. Mr. Heysham, when he protested against the clause which declared that every Catholic was bound to support the view of the pope that persecution was justifiable to suppress religious heresy.

"Foe of American Liberty."

The resolutions made an appeal to Catholics by saying that the attitude of high officials of the Catholic church toward the school system and the separation of church and state was unwise for the best interests of their own membership and hostile to the country.

"We appeal to the great mass of Roman Catholic fellow citizens, whose intelligent loyalty we do not desire to question, to assert their right to think and act in harmony with the governmental ideas of our own country, instead of the un-American ideas of the old country," was one of the clauses in the resolution.

"We are heartily in accord," continues the resolution, "with the chief magistrate as to the absolute separation of church and state, perfect freedom of conscience, distinction between spiritual and secular spheres, and the impropriety of religious tests for civil office imposed by law.

"Recognizing, therefore, that the Roman Catholic church is not merely a religious organization, but an astute and persistent claimant for political influence and the foe in principle of the American idea of civil and religious liberty, we assert that American citizens may be justified in declining to vote for Roman Catholics for high office in the state, at least until the Romish church shall officially and frankly change its attitude.

Mormons Included in Excoriation.

"The same applies to adherents of the Mormon hierarchy or in any similar case. We respect the high office of president of the United States, but we dissent most earnestly from the statement that it is bigotry for American citizens to refuse to support a candidate bound to support the policy of the Romish church.

"Just as we disapprove tests on the ground of religious beliefs, so equally and strenuously we maintain the inalienable right of every voter to cast his ballot according to the dictates of his own conscience and judgment, uncontrolled by any ecclesiastical power or deliverance, Roman Catholic or any other, and without reproach or obliquy."

"Jones is very sensitive of his high forehead. He is afraid he will interfere with the view of persons sitting behind him."

Silence!

The instinct of modesty natural to every woman is often a great hindrance to the cure of womanly diseases. Women shrink from the personal questions of the local physician which seem indelicate. The thought of examination is abhorrent to them, and so they endure in silence a condition of disease which surely progresses from bad to worse.

It has been Dr. Pierce's privilege to cure a great many women who have found a refuge for modesty in his offer of FREE consultation by letter. All correspondence is held as sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Favorite Prescription restores and regulates the womanly functions, abolishes pain and builds up and puts the finishing touch of health on every weak woman who gives it a fair trial.

BOARD OF WORKS ROUTINE.

The board of public works yesterday decided to advertise for bids for the repairing of all streets paved by the Alcatraz company nine years ago, and the bids will be opened at the meeting of December 21.

Plans were approved and resolutions confirmed by the board for the following improvements:

Re-opening and widening of Eliza street from Hanna street to Francis street.

Vacation of alley west of Smith street.

Vacation of alley between Winter street and Lillie street from Creighton avenue to first alley north.

Vacation of first alley west of Marion street from Brossard lane to the Feeder addition.

Narrowing Sturgis street from Fulton street to alley west of Fulton street, and opening and extending Sturgis street from alley east of Broadway to Broadway.

REPORT OF WRECK IN CHANNEL.

Dover, Dec. 1.—It was reported here from Dungenness last night that two large vessels had collided in the channel. The West Bay lifeboats at once put out and searched for several hours, but they could find nothing to support the story of the collision.

FOUND DEAD IN BED.

Richmond, Ind., Dec. 1.—Albert H. Hunt, 52 years old, a well known real estate dealer, was found dead in bed today. Heart disease was the cause. Besides the widow, one child, Mrs. Harry Jay, survives.

THE MARKETS

GRAIN AND PROVISIONS.

Chicago Market.

Chicago, Dec. 1.—Decreased receipts of wheat in the northwest and advance of 1 D. at Liverpool, caused strength in the wheat market today, prices at the opening being up ¼ to ⅝@⅞c, compared with previous close. Leading bulls were among the principal buyers. During the early part of the day there was sufficient profit-taking to check and material advance in prices. December opened at $1.04 to $1.04¼, and sold up to $1.04⅛, equaling the high point of the season. Minneapolis, Duluth and Chicago reported receipts of 694 cars.

Sentiment was bullish all day and prices on December and May deliveries advanced to new high record marks for the season, December selling at $1.05¼ and May at $1.09⅝. The market closed strong at the top notch, December being up 1⅝@1⅞c at $1.05¼, and May 1⅜c higher at $1.09⅝.

Corn opened easy owing to liberal receipts, but the market soon became firm because of the strength of wheat. The trade was quiet. December opened ⅛ to ¼c lower at 62⅛ to 62¼c and advanced to 62½c. Receipts were 430 cars.

The market cased off again later in the day owing to liquidation of the December delivery. That option sold off to 61¾. The close was easy with December down ⅜@½c at 61⅞@62c.

Buying by cash interests had a steadying effect on the oats market, but the volume of trade was not large. Prices at the opening were ⅛c lower to ⅛c higher, December opening at 48⅛c. Later December touched 48⅝c.

Provisions were strong on covering by shorts, based on a five cent advance in live hogs. Prices at the start were 2½@6c to 17½c higher.

The Close.

Prices at the close were as follows:

Wheat—Dec. $1.05¼; May, $1.09⅝; July, $1.02¾.

STOCKS AND BONDS.

The Day on Wall Street.

New York, Dec. 1.—Sharp advances in a number of low priced stocks were mixed with declines as a rule in the more prominent issues in the opening stock market. Pacific Mail made a gain of two points, Kansas City Southern preferred one, and Ontario and Western and St. Louis and San Francisco second preferred ⅝. Chicago Great Western and Colorado Fuel declined ¾.

General weakness was shown in the market for a while, the tremendous selling of United States Steel having a damaging effect. One block of twenty thousand shares of United States Steel was sold at 54¾, after which it went ⅛ lower. Union Pacific selling ex-dividend was also offered freely and got down a point, as did Great Northern preferred, and C. & C., Chicago Great Western preferred A, fell 2⅝. Some of the less important issues developed strength later, but the usual leaders were feverish and did not rally much.

The New York public utilities and a number of obscure specialties were bid up briskly and the general list recovered to about last night's prices. At that level business came almost to a standstill. Third Avenue rose 2½, and Interboro Metropolitan preferred, Brooklyn Transit, Consolidated Gas and Brooklyn Union Gas 1½ to 1¾. There were gains of a point or more in Peoria and Eastern, St. Louis and San Francisco 2nd preferred, D. & R. G. St. L. S. W. preferred, Wisconsin Central preferred, Texas and Pacific and the Land Trust, American Sugar and Hocking Coal. At noon St. Paul moved up a point. Bonds were irregular.

Persistent buying of the Rock Island issues on a rapidly rising scale created a better tone, and some of the best prices of the day were made. Outside of the Rock Island group, however, the demand was very moderate. Rock Island preferred jumped 4⅜ to 57⅞, the common 1¼; St. Louis and San Francisco 2nd preferred 3⅜; Tennessee Copper 2¼ and Colorado Southern 1.

Standard stocks assumed more prominence in the dealings, large purchases of Union Pacific, Reading and U. S. Steel contributing to a stronger tone throughout the market. The specialties also continued to move widely. St. Louis and San Francisco 2nd preferred improved four points, the first preferred 2, Pacific Mail 3¼, C. St. P. M. & O. and Manhattan 3, American Ice 2, American Cable 1½, Illinois Central 1⅝ and Union Pacific. American Smelting and American Can preferred 1.

The market closed irregular and unsteady. New stocks were brought into the upward movement, but this, with the 5¾ point rise in Rock Island preferred, did not entirely mask the realizing. The tone became irregular again. Lake Erie and Western preferred gained 2¼, L. & N. 2, Northwestern and Colorado and Southern, 1⅝; Atlantic Coast Line 1½, and the Kansas and Texas stocks, Iowa Central, Southern Railway preferred, and Ontario and Western 1.

THE MONEY MARKET.

New York, Dec. 1.—Money on call firmer; 1¾@2½%; ruling rate, 1¾%; closing bid, 2%; offered at 2¼%.

Time loans dull and weak¼ sixty days, 3¼%; ninety days, 3%; six months, 3¼ to 3½%.

Prime mercantile paper, 3¾ to 4½%; sterling exchange strong, closing firm with actual business in banker's bills at $4.84.50@4.84.60 for sixty day bills and at $4.86.75 for demand; commercial bills, $4.84@4.84¼.

Bar silver, 47⅞c; Mexican dollars, 45c.

Government bonds steady; railroad bonds irregular.

LOCAL MARKET EPITOME.

Prices on poultry, chickens, butter and eggs continue to remain firm on the wholesale produce markets today, with the possibilities of still higher prices on eggs. That article is now going at 30c per dozen, an exceptionally high price for this season of the year, only accountable to the scarcity of laying hens.

There were active demands for practically everything on the market this morning, with chickens leading in receipts, selling at 9 and 11c. The best quality of butter went at 26c per pound at a good demand. There were a few farmers on the wholesale market this morning with meat to sell at wholesale and there were also some rabbits for sale at 15 and 20c apiece.

Said G. H. Crouse, of the commission house of Howenstein and Crouse, this morning: "Eggs are bound to go up, yet we can not tell just how soon. The poultry receipts tomorrow will be heavy with the same conditions existing in the butter line. There will be some demands for hickory nuts but probably no receipts, as the article is the scarcest this year it has been for some time. The cold weather is keeping apples and potatoes off the market."

Coal Dealers Don't Like It

Our Prize Stewart beats their time. They can't make much money out of it. It doesn't burn enough coal to suit them. They have been used to the old kind, consuming almost a ton of coal a day. Seriously, this stove is the most economical stove we know anything about. We use one ourselves so we know what we're talking about. It will save its cost in coal in a short time. The Prize is here to be looked at. Call and see it.
